I love this coloring book. I have quite a few of her coloring books and this is my favorite. There are 10 pages (of the book's 32) that have the 3/4 page coloring because of the guide at the bottom but I found it quite helpful. The pictures in this book are her best in my opinion. The back side of each page has a quote and cute flowers (in color) which is so nice and would seem to be the inspiration for the design on the other side. I have not included pictures but the phrases of each page are enjoy the little things, the time is now, dance all night, make the most of today, you are free to fly, peace y'all, aim high, who you are is up to you, celebrate our differences, frolic among the flowers, shine, live for today, live happy, love lives here, share your joy, say hello to new possibilities, let it flow, create your own magic, be here now, grow your own way, love is limitless, dare to be different, live life in full bloom, love yourself unconditionally, love yourself first, relax, look on the bright side, i am who i am, why be normal, another day in paradise, find and express your own inner truth, live simply

I love these .They are fun and easy to color I have bought several of them

This book is beautiful and I would love to keep it, had it been the one I meant to order. It was ordered by accident. In order to return it , the shipping will cost almost as much as I payed for the book. I do recommend for others to purchase this book, it's not only beautiful, but so inspirational. Please give me feedback on how to go about getting my cash back. Thank you

Purchased as a gift. If it like the other books by this company, should be great!
