OCN Exam Secrets Study Guide: OCN Test Review For The ONCC Oncology Certified Nurse Exam

Synopsis

This OCN study guide includes OCN practice test questions. Our OCN study guide contains easy-to-read essential summaries that highlight the key areas of the OCN test. Mometrix's OCN test study guide reviews the most important components of the OCN exam. The OCN exam is extremely challenging and thorough test preparation is essential for success. OCN Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the OCN exam. Not only does it provide a comprehensive guide to the OCN exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. OCN Exam Secrets Study Guide includes:

- A detailed overview of the requirements for an oncology certified nurse
- An in-depth look at dealing with quality of life issues
- An extensive review of protective mechanisms
- A guide to gastrointestinal, urinary, and cardiopulmonary function
- An examination of oncologic emergencies
- An analysis of scientific basis for practice
- A breakdown of the aspects of health promotion and professional performance

Comprehensive practice questions with detailed answer explanations

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Oncology Nursing Certification Corporation (ONCC) expects you to have mastered before sitting for the exam.

The Quality of Life section includes:

- Pain
- Fatigue
- Sleep
- Stages
- Fever

The Protective Mechanisms section includes:

- Immobility
- Peripheral neuropathy
- Endogenous vs. exogenous organisms
- Hemorrhage, hemostasis, and coagulation

The Gastrointestinal and Urinary Function section includes:

- Dysphagia
- Anorexia
- Mucositis
- Nausea

The Cardiopulmonary Function section includes:

- Ventilation impairments
- Radiation- and chemotherapy-induced lung disease
- Pleural effusion
- Cardiovascular toxicity

The Oncologic Emergencies section includes:

- Sepsis
- Tumor lysis syndrome
- Anaphylaxis
- Spinal cord compression

The Scientific Basis for Practice section includes:

- Cancer
- Oncogenes
- Stages of cancer development
- Immunology
- Lymph organs
- Genetic mutations

The Health Promotion section includes:

- Screening tests
- Cancer prevalence
- Absoulte risk
- Case-fatality

The Professional Performance section includes:

- Oncology nursing standards
- Ethical theories
- Legal documents
- Clinical trials
- Advocacy

Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual OCN exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear.

OCN test prep book that provides a comprehensive review for the OCN test. OCN exam prep that will help you elevate your OCN test score. OCN study manual that will reduce your worry about the OCN exam. OCN review book that will help you avoid the pitfalls of OCN test anxiety. OCN practice test

questions and much more...

Customer Reviews

Our Study Guide for the ONCC Test Is Unlike Any Other! If you'd like to get the ONCC test score you deserve, to quit worrying about whether your score on the ONCC test is "good enough," and to beat the test taking game so you can become a Oncology Certified Nurse (OCN), Certified Pediatric Hematology Oncology Nurse (CPHON), Certified Pediatric Oncology Nurse (CPON), Advanced Oncology Certified Nurse Practitioner (AOCNP), or Advanced Oncology Certified Clinical Nurse Specialist (AOCNS), then this might be the most important message you read this year. Our comprehensive OCN Exam, CPHON Exam, CPON Exam, AOCNP Exam, and AOCNS Exam study guides are written by our ONCC test experts, who painstakingly researched the topics and the concepts that you need to know to do your best on the Oncology Nursing Certification Corporation (ONCC) Exams. Our original research into the Oncology Certified Nurse (OCN) Exam, Certified Pediatric Hematology Oncology Nurse (CPHON) Exam, Certified Pediatric Oncology Nurse (CPON) Exam, Advanced Oncology Certified Nurse Practitioner (AOCNP) Exam, and Advanced Oncology Certified Clinical Nurse Specialist (AOCNS) Exam, offered by the Oncology Nursing Certification Corporation (ONCC), reveals the specific content areas and the essential skills that are critical for you to know on the ONCC test. We've taken the information and developed a study guide that is guaranteed to help you be successful on the ONCC test. Most test takers already have a general knowledge of the material that will be covered on the exam. One reason some test takers do well on the day of the test is that they have made the critical connection between the material they learned

and how to use the material to succeed on the ONCC test. Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day. You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and the bad strategies that you've been vulnerable to. --Just for starters, here are some ways our product can help your score on the ONCC test... The Exclusive Test Taking Techniques Keys to questions that "give away" the wrong (or right) answers- You get credit for some of the questions without really even knowing anything about them. Get quick, customized help for the questions you have- just send us a quick email and we'll get back to you promptly with the answer. Details the EXACT STUDY PLAN for the ONCC test that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste the precious study time you have on useless activities. Our researchers are more than just academic theoreticians who understand the technical nature of standardized tests, but are also experts on test taking itself- they reveal the exact skills and the information you'll need to perform under pressure during the test. A systematic analysis and the best breakdown into "plain language" of how to deconstruct and master the toughest problems- You turn the problems that most of the test takers will stumble over to your advantage. Learn why, when, and how to guess to your advantage. Many test takers use exactly the wrong strategy, but you can avoid the pitfalls with the help of our standardized test experts. Includes instructions detailing the best way for you to get started with your preparation efforts so you can begin the path of improving your scores immediately. The most efficient and accurate method for picking the right answer every time- You won't be scratching your head trying to read the mind of the test question writer, but will instead know exactly what to look for to pick the best answer. Courteous, unlimited customer service is 100% free- if you need the product emailed to a different address, lose the product, or have any other difficulty- the help you need is just a short email away and our representatives are active 7 days a week helping customers. The research of our team of test experts is 100% independent and original. Our exclusive "calibration strategy" to help you never go too fast OR too slow when answering even the toughest questions. The 5-step process we've developed, what we call the "phased" approach, concerning the use of the various study aids and practice tests. How the problem of procrastination can kill your chance of success, and the most important thing you can do about it. How to know when you've studied as much as you need to for the exam- and the reason why we think some people should spend LESS time studying for the test. The Top 20 things you should take care of within 24 hours of taking the test- use the list we provide as a checklist to make sure you've taken care of the "little things" in addition to studying hard. How to predict the right answer before you see the answer choices- and how to prevent the

wrong answers from "polluting" your mind and tempting you into a trap designed by the test writersWhy answers that "sound" correct are often the very ones that are wrong- and how to tell the difference between the right answer and the many clever-sounding traps set for you by the test writersOur "benchmark" method for deciding which of the answer choices you should pickHow some of the random bits of information in a question often "give away" the right answer choiceHow to "milk the question" for clues to the right answer even if you have no idea what the question is asking aboutHow to avoid panicking when you don't know the answer to a question- we offer a systematic method that will serve as the "lifeline" you need to minimize the time wasted on the test questions that leave you stumped --What to do about the tough questions that you have no clue how to answer- don't just give up, use the advice we offer to make sure you give yourself the best chance of getting the right answerHow to use our brainstorming method to get "inside the question" and reveal the hard-to-find clues and some of the subtle things you didn't realize you knewDo you know what a "hedge phrase" is? Learn why looking for the key "weasel words" in the question can help identify the correct answerWhy "new information" in the answer choices almost always means that the answer choice is wrong- and the way to avoid this trick planted by the clever test writersLearn to avoid this time-draining mistake on the test - why the technical terms you don't know can be a major stumbling block and waste precious time, and the way that you can work around themThe secret to using the contextual clues in the questions and the answer choices to make important distinctions between the right and the wrong answer choicesThe two situations where you should NOT check your answers thoroughlyHow to avoid careless mistakes by using the quick "double check" system. It will more than pay for itself relative to the time it will take youTest writers will often quote directly from the question in an answer- learn whether this is something you should trust or avoidWhy "extreme statements" in the answer choices are dead giveaways for wrong answers- find out how to detect the subtle differences between reasonable answers and the answers that are almost always wrongLearn how to group your answer choices into "families" that often narrows down the pool of correct answers- this is a quick way to immediately eliminate one or two of the answer choices and increase your odds of getting the question rightNow, you're probably wondering how and why we can do all the things we claim.Let us explain.Before we go any further, let us clarify what ONCC Exam Secrets is not. It is not a stale rehash of all of the things you have already learned in the past.ONCC Exam Secrets is our exclusive collection of the tips and the information that we have specially selected to give you the best results on the ONCC test for the least time spent studying. It's written in everyday language and is easy to use.We cover the 5 essential skills necessary to do well on the ONCC test, plus comprehensive reviews covering all of the essential test sections

individually. Don't take our word for it. Listen to what our customers say about other Mometrix test preparation products. I purchased the Secrets file, and I just wanted to let you know that I passed my test. I just want to thank you again, and hope you have continued success in your ventures.

Sincerely, Paul L. My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G. I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! BrianL heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L. You get at least 10 times your money's worth! --When you consider what's at stake with the exam, we believe the value of our study guide gives you at least ten times your money's worth.

OCN Exam Secrets is a great resource for concise study material for the OCN exam. I used it for about three weeks prior to taking my test (and passed) but I also studied with supplemental materials. Pros: It gets straight to the point. It's important to realize only about half the book is written information and the other half is questions/rationales. It's a GREAT way to study if you have very limited time because it does cover most topics. Cons: Because it is so short, you may need to also buy another book if you want additional test questions (there are only 165 questions in the book) or need more info on a topic for better understanding. I also studied with the Core Curriculum textbook from ONS and the Study Guide that goes with that book and contains hundreds of questions. Good luck!

very simple book. have not take the test to see how much of a help it is but i will let you know.

I am really happy with this purchase. It is concise and user friendly. I love that it has 165 test questions which is the exact number of test questions that will be on the actual exam so I can practice taking the test timed and untimed. It also gives the rationales which is helpful to study. I am preparing to take the OCN exam in the fall of 2016 and am confident this product will help me succeed in passing the exam. Wish me all the best! Thanks.

This book tries to follow the test blueprint but ends up being redundant and has a bad flow. At times it doesn't seem like it wasn't written by medical professionals. That being said, I like the length of the book, since I knew I wasn't going to spend the time studying from something the size of a textbook. The test at the end is 165 questions and has rationales for each, which is helpful. Definitely not going to blow you away with amazing "secrets" if you are a full-time oncology nurse, but a decent enough base to study with. I passed my test.

I love the study guide portion to begin with . You can read up and prepare for the test. It goes in to good detail, but, very easy to read and follow. It's broken up into the different groups the test is divided into. Then those groups are broken into smaller ones, as not to overwhelm you. Once you take the test, you not only get the answers, but rational for the answers. I find it very helpful and useful in preparing for the OCN exam. I'd highly recommend it. I have yet to take the test. I'll follow up with my review once I take the test and let you know if it helped me

I purchased this study guide in addition to the Core Curriculum for Oncology Nursing book and study guide. I'm glad I came across this OCN Exam Secrets Study Guide. I love how the book provided study guide tips and detailed rationales for the answers. The Core Curriculum study guide is also great but this book is a wonderful accompaniment.

The book is so much easier to comprehend than the Core Curriculum offered by the licensing site. I need to be able to understand what I am reading without a lot of fluff, but also without just reading straight bullet points either. This book is the best of both worlds, easy to read and understand while being short and concise on the subject matter. Using the two guides in tandem will be a definite benefit in my studies!

I have found this to be a very helpful tool in preparing for the OCN exam. The condensed review of topics and the clear explanation of test answers have been very helpful. Not overwhelming or filled with too much extra information.
