Best Sellers Rank: #65 in Books > Audible Audiobooks > Nonfiction > Lifestyle & Home > Crafts & Hobbies #71 in Books > Audible Audiobooks > Arts & Entertainment > Design #813 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Decorating

Customer Reviews

I was going to give it one star but since it was proofread without glaring errors like so many self-published books, I gave it two stars. This is a book of a few pages of common sense information that anyone over the age of 20 already knows. There was not one bit of information I gleaned out of the entire book.

Well, I am going to be moving soon. I do not know about you, but personally, moving is always a gigantic hassle. It is super annoying! So, I picked up this E-Book, and it is now on my Android cell phone. I can read it on the go! It tells me all of the things that I need to know, as if I was a beginner -- I am!! Filled with great knowledge. Recommended to all of my friends!

This booklet is ok as far as it goes. I think anyone who is planning on staging their property for sale has already all and more than this offers. If not, then go for it. It's clear and simple and should be of

some basic help

I honestly didn't know what home staging was until I was browsing on different books I can get and read that will be interesting and it came out to be that this book was honestly so worth it. So much information on every section of this book. So happy I got to learn something new and it will come in handy in the future.

Lots of good, practical info for everyone's budget. Several things in this book were very easy things that can be done in your home without spending tons of money.

Wanted more than the normal common sense stuff to do I could this same general information nothing new here move on don't waste your money

This is of very little help. Any real estate agent listing your home could give you this information. Sorry I purchased it.

This is all common sense. You should clean, clean, and clean some more. Fix anything broken and declutter so it looks move in ready. Mow the lawn and bake something so it feels homey. Not rocket science.
