## Synopsis

Would you like to know everything and learn more about Syrian Hamsters or Golden Hamsters as pets from their perspective? Crazy thought, right? This book covers all aspects of passionate Syrian Hamster, Golden Hamster and even Teddy Bear Hamster or Black Bear Hamster owners. Have you ever asked yourself how to care for and pamper a Syrian Hamster? Or have you wondered whether to keep your Syrian Hamster in a cage or aquarium? Are you still looking for a perfectly matching name for he or she? It contains all this! Including Syrian Hamsters habitat, food, shedding, feeding, diet, diseases and much more. This book is based on years of experience of keeping Syrian Hamsters. It's written from the perspective of a curious Syrian Hamster â€” Little Fella - in an easy to read, understandable and charming style. Ms. Medvedoff is a story specialist with over over 10 years professional experience. Ms. Brecht is born and raised on a farm in Germany. When she's not reminiscing about her special friendships with Twinkle Toes, Emir and Blinky, she is working at a veterinary practice. In an honest, joyful and understandable way Little Fella covers everything for people who would like to keep or already own Syrian Hamsters. This book will be of great help to those who desire advice and a better understanding for your new or existing companion. For both: kids and adults.

## Customer Reviews

This book contains a lot of great information about Syrian hamster care. I was a bit skeptical to read a book written from a hamster's perspective, but it actually didn't come off as too terribly childish. It's

a family-friendly book that is enjoyable to read for kids as well as informative for adults. I've owned many Syrian hamsters in my day, and I still learned new info here. Highly recommended for the conscientious pet owner.

Love this book. This came Christmas morning along with our new hamster, Chewie. I had read the book ahead of time, so that I would have some understanding of caring for a hammy. My 12 year old read it also, as it's written from the hamster's perspective...fun but informative! Until I read this book, I did not know that you could potty train a hamster. I can attest now...it has been two months since Chewie joined our family, and he is completely potty trained. Thanks to this cute book!

This was a great guide for taking care of Syrian or Golden hamsters. It covered every topic I had questions on and was easy to read. Additionally, since hamsters are traditionally are a first pet, or a pet for a small home, the author shows how to make wonderful interactive cages perfectly suited to the Syrians more gentle nature. Every owner should buy this book before they buy a hamster to be sure of having the best experience!

Poorly written and somewhat outdated.

Read this to my kids when they got a Syrian hamster recently. Great info. Love the narration, as told by the hamster. Kids got a kick out of that.

I got this for my sister and her kids because they wanted "their first pet" and we need a way to help teach them how to take care of a potential pet in a fun but informative way. When we found this book we were so excited, so the perspective of a CURIOUS hamster?! It was like a storybook, and textbook in one. It's genius! We started reading it to them and they were really enjoying and learning about what it's like to "have" and be a hamster. My nieces caught on quick and began wanting to read the book to us. I love the originality of the book, and the viewpoint. My nieces were able to learn about having pet hamsters, and they take amazing care of their new little Syrians! Highly recommended!
