German: Short Stories For Beginners: 9 Captivating Short Stories To Learn German & Expand Your Vocabulary While Having Fun

Synopsis

Are you bored with the traditional methods people tell you to use to learn German? Are you bored with all those dusty grammar books that pile up making everything look so hard? What if we told you there's a better, more enjoyable way to learn German and grow your vocabulary exponentially? Well, guess what? There is! The best way to learn German is by listening to short stories. The problem? You might feel like you don't know where to start, or you may feel lost trying to read whatever pops up on the Internet. And that's exactly why we created this book. We know how difficult it may seem to learn a foreign language from scratch, let alone trying to put all that learning into practice. But what you might not realize is that it's fairly easy to fully incorporate the essentials of a language once you frame that learning into a certain context (for example, a short story). Short stories allow you to put what you've learned so far into practice, allowing you to expand your vocabulary quickly, make sense of ideas, understand new concepts, and overall get a better grasp of the German language. Short stories work because they eliminate the stress of forcing yourself to learn. Instead, when you listen to the nine captivating short stories we've prepared for you, you will learn German without even realizing you're learning it! The stories consist of multiple genres, including adventure, fantasy, mystery, romance, just to name a few. We wanted these stories to be fun, interesting, and appealing, motivating you to keep on listening to find out what happens next. That's the very best way to learn, don't you think?

Customer Reviews

Very useful and satisfactory methodology. Vocabulary at the end of the chapters could be better. it's

good to read, you learn but it's good to complement with other books.

Better than grammar books.

Great book. Slow learning but better than reading children's books in German.

Probably a good product, but it's too difficult for my reading level:-)

Studying a new language through reading stories makes it interesting. The chapter I read was written in a way that is easy to remember.

I enjoy the book, but I don't have the audio component to go with. Did I miss it during purchase?

My niece has linguistic potentials and we all want to improve it. I let her read this book and she likes it a lot. On my part, I also enjoy reading it because it helps me to be familiarized with the German language and improves my vocabulary too. The stories are simple but has morals and they are entertaining. If I may just suggest, I hope they have put more stories because even my niece wants more of them. One thing that I realized with this book is that it is exciting to learn other languages.

These stories are actually written for people who are closer to intermediate, so I will try reading them a little later.
