Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I purchased this and several other music books for my daughter's clarinet playing as she takes private lessons and has complained of only ever doing scales, she was becoming disheartened with her Clarinet but loves it, so I figured some of her favorite songs might cheer her up, and this book did the trick. She taught herself 3 songs on the first day and they are really lovely and sound beautiful and completely recognizable on her B flat Clarinet. She has been happily playing and learning songs from all the books I bought her. If you are looking for great tone and fun songs for your student or child, this is a really great book, to purchase.

Our family absolutely loves Disney and Disney music. My daughter has been playing clarinet for the

last three years and was tired of the boring books the school provided, so I found this to make her practice more entertaining for all of us in the house. It worked.

gave this as a gift to my niece who plays in her school's band. she really likes it.
