If you enjoy doing jumble puzzles in the paper, you'll love this book. There are 180 puzzles in this book with a couple of levels of "difficulty". The book is the size of a coloring book, and it has large print - which I really like. I have done over 20 of the jumble puzzle books - I think I like this one the best so far.

I love jumbles. Some days I'll go through 10 pages of them without a lot of trouble. Other times, I just have to set the book aside for a while and come back to it the next day because I'm really stumped. I refuse to cheat and look them up! If you're a beginner, these might be challenging. If you've been doing jumbles for a while, you'll probably enjoy this book without getting irritated very

often. I highly recommend it.

This is like all the other Jumble Books. If you like Jumble, you'll like this. Large print. Easy to use and find the answers. Good relaxing fun. If you are not good at "puns" you might have a harder time with these books. They are better for adults than young children because you need a basic knowledge of common phrases and twists of spelling. It's a great test to your sense of humor when you get the answer without working through the whole puzzle and it's exhilarating when it happens.

Fun Jumbles although quite easy so far - I'm about 1/4 of the way through the book. I did not intend to order the large print but I did and it's fine.

We do these puzzles once weekly when I care for a 92 year old lady. It is a fun way to keep up mentally and we have both become addicted to the puzzles...love them!

I looked forward every day to find one of these puzzles in the newspaper. Now, it is nice to find these puzzles in a book form. A great item to take when going to an appointment or waiting for someone .

My wife loves these puzzles. We will continue to buy them.

I have been following jumble puzzles in the newspaper for years and never found any books that I could buy. My close friend liked to do them too, so when she had a major operation, I wanted to fill a gift basket from all our friends with items I knew she'd like. Of course there was candy, toiletries, gift certificates, jewelry, etc. and a Jumble book. She told me she was over halfway thru the book during her recovery period. In other words, she loved it. I will give her another one of the other two I ordered when she's ready. I'm really glad I found the books. Thanks . R. Mohr
