Flight To Heaven: A Plane Crash...A Lone Survivor...A Journey To Heaven--and Back

Synopsis

Flight To Heaven is a beautifully written and amazing account of life, death - and life again. In the early days of his flying career, Capt. Dale Black was a passenger in a horrific airplane crash which some have called the most ironic in aviation history. He was the only survivor. In the gruesome aftermath of the crash Dale experienced a life-changing journey to heaven. This was not a vision or a dream, but a very real experience. To say that his journey to heaven transformed him forever, is an understatement. Not only was Dale's life forever altered but his story has already changed the lives of tens of thousands. In this captivating book you'll learn about angelic guides, living Light, and indescribable music from the astonishing city of gold. Dale describes the luxurious countryside, the massive rainbow colored wall with gates of pearl, the awesome townships and the spiritual family that welcomed him. He shares with intricate detail the glorious beauty, radiant colors, intoxicating aromas, and boundless love and joy he experienced while in heaven. To those who have lost loved ones, this book is a source of deep comfort. It also gives readers renewed purpose and glorious hope for the future. This story is full of challenges and struggles that culminate in "overcoming faith" guaranteed to inspire. This flight to heaven dramatically changed Dale's life - reading this book could change yours too. "Of all the books about heaven, this one's the best!" Tim Breuninger - San Diego, CA As a publisher of four Canadian Best Sellers, a Search and Rescue Pilot, Photographer and Christian, I have found "Flight To Heaven" by Captain Dale Black, one of the most inspiring books I have ever read! It is easy to read, factual and from the moment you start, you won't want to put it down. My wife and I ordered 15 copies for friends we love, just hours after finishing this amazing story. Mike Biden - Retired SAR Pilot Wow! Where do I even begin? The details of this book were so incredible that I felt as if I was on this journey as I read. This story has edified my faith that God is who He says He is and will do what He said He will do!! Aside from the Bible, this is by far the best book I have ever read!! It enveloped me from beginning to end. For anyone searching for the truth about this life or the afterlife, this book is for you. Dana McCue - Memphis, TN Next to the Bible, Flight To Heaven is the BEST BOOK I have ever read! Pastor Shawn Machen Sr. Pastor - WorldVictory Church The whole world needs to read Flight to Heaven. I've had many authors on my radio show, but of all the NDE stories I've ever heard or read, Capt. Dale Black's is the best... by far! Jeanne Jennay - Author Radio Talk Show Host / Motivational speaker To say this is an inspiring book is an understatement. Flight To Heaven is an awesome read and has taught me a lot and given me peace and courage for a new chapter in my life. I'm purchasing more copies and giving it out everywhere. Captain Randy Hass - Airbus A320 US Airways I could not put this book down and I cried through much of it. Flight to Heaven is the most moving and inspirational book I

have ever read. And I do mean - EVER! After reading this book I am completely convinced Capt. Black's story is true and heaven is a real place after all. Donna Benton - Syracuse, NY

I purchased this book as a gift for my dad, a retired airline captain, but soon discovered I couldn't put it down. Both of us are professional pilots and we easily rate it 5-Stars. The aviation aspects of the book are professional and technically accurate, yet the emphasis throughout is on a loving God. We think the book is a masterpiece and could be enjoyed by everyone, pilot or not. Capt. E. Layton - Boeing 757 - Major Airline Pilot This "life after death" true-story is both a page-turner and a faith-builder. The author does not commercialize his experience of heaven but tells it in a humble and reverent way while using breathtaking descriptions. I have recommended this book to my entire church.

Experience a Life-Changing Vision of Heaven Imagine getting a glimpse of heaven, a preview of life in God's presence. Could life here ever be the same? Capt. Dale Black has flown as a commercial pilot all over the world, but one flight changed his life forever--an amazing journey to heaven and back. The only survivor of a horrific plane crash, Dale was hovering between life and death when he had a wondrous experience of heaven. What he saw, what he heard, and what he learned there continues to ripple through his life and touch others. Against all odds, Dale miraculously recovered from his injuries and learned to fly again. Now, with his life as a testament, he shares his inspiring

story--offering hope and encouragement for those dealing with serious injuries or the loss of a loved one, and those looking for assurance about this life and the next."Dale Black's near-death experience took my breath away. Flight To Heaven is a spiritually rich reflection on the enormous love God has for His children and the lengths to which He will go to bring them safely home."--Trudy Harris, author of Glimpses of Heaven

I bought this book thinking it would be thrilling to read all about the author's visit to Heaven. That small part of the book was ok; it was quite brief. On the other hand, the pilot himself - his personality, love for his family, etc - was extremely detailed to the point you almost know him or wish you did. Dale Black is portrayed as a loving, sensitive, scholarly Christian. And I believe he is just that. What I do Not believe is he really recalls the thousands of thoughts and spoken sentences he had over thirty years ago at age twenty. Do You remember thousands of sentences you spoke at nineteen and twenty? So I am sure he took tremendous liberties while writing this book. You follow Black through months and months of recovery and hear each sentence his doctor spoke and what he said in return. This, I feel, is the bulk of the book: Dale's long recovery. It is, however, mildly uplifting and parts of it are very interesting. But if you are looking for a long, drawn out and detailed remembrance of a trip to the Beyond this is not the book for you. We're all looking for different things in a book and if you want to possibly be moved to the point of tears and inspiration may I suggest Benny Hinn's, "Good Morning, Holy Spirit." No; I am not a Hinn follower but that book was really hard to put down.

Dale's story was not only inspiring, but guided me to some biblical truths that are not always apparent in everyday life. If you are expecting a book filled with visions, events, and experiences of heaven, you will be disappointed. The author does give credible evidence of a heavenly experience, but it is only part of a much larger story. I was blessed to read through his experiences of let down after let down, while he wrestled with God's will for his recovery and his life. He never gave up hope and trusted God through it all. The lessons that he learned while persevering through his injuries will stay with me for a long time. I am glad that Dale took the time to write such an incredible story and I believe that any believer who reads the wisdom in these pages - especially if they are going through a dark period - will find a deeper understanding of God and how they can find Him in the midst of it.

I read this book aloud to my husband. (He has difficulty reading.) He was an amateur pilot and was riveted (as was I) from the opening chapter when Capt. Black was trying to land in darkness

somewhere over Africa. Then he flashbacks to his crash and NDE as a young man and we were riveted to that story, too. Capt. Black writes so well and articulately that a layperson like me can understand what he's talking about when it comes to the nuts and bolts of flying. He sure knows how to tell a story and what a story it is! Miraculous healing physically and spiritually. He is very enthusiastic about his faith in Jesus Christ throughout the book. Sometimes it's really inspiring like when he brings joy and release with his faith to a dying man in a hospital. But the time he thinks he'll never see a deceased friend again because he didn't tell him about Jesus was kind of alienating. I have no doubt he will see his friend on The Other Side. All in all, a fascinating read that will bring comfort and faith to many.

Flight to Heaven, written by Captain Dale Black, is a phenomenal read. From start to finish, this young man's incredible story held my attention by its gripping subject. When the author was a teenager he survived a plane crash that took the lives of his two companions. The story that follows has many twists and turns as the author fought to regain use of his damaged body. You'll laugh, you'll cry, and be forever reminded that with God nothing is impossible. When this book ended, I felt sad. It's that good of a book. I highly recommend it to anyone who enjoys hearing of near death experiences. Also, if you are looking for a book that genuinely touches you and reminds you that God is always there--no matter what may be going on in life--then this book is a must read!

I decided to read my copy before going to sleep. I couldn't put it down and finally shut the lights out after 5:00 AM and finished it later that day. This was a genuine blessing and beautifully written. I have no doubt that the experience was authentic and the way He has used his encounter to encourage others is genuine as well. If you really want to see the heart of this author, go on youtube and watch one of his interviews. You will find that there are portions of his experience that have left an indelible and profound mark on his life. His heart remains tender to the Lord and those moments come back when he communicates his experience. It's obvious that he came back a different man. How he was brought back after such a devastating crash--one that damaged his body to that extent--is a miracle. (One of the miracles, among others..) For friends and family, I'll be buying gift copies of this story for special occasions. A movie project is in the works and I can't wait to see it.

Captain Dale Black tells his Experience of going to Heaven. I do not believe everyone but I believe him. He is still, 40 years later, very tender when he tells of this experience. He also does not want credit or glory he wants all the glory to go to Jesus Christ ... that in itself helps persuade me of his

genuineness.

Thank you for your commitment to your hidden treasure as you awaited Gods permission & timing to share your revelation and precious journey. Your heart transformation is an inspiration & encouragement to all who are blessed to read your adventure "in faith walk". In this emerging era we are about to unfold in our nation, may we as the church family have this same love walk revelation so we can reap the mighty harvest of these end times. Blessing, grace, continual favor as you march forward...ever ready ...to sow & reap.....Sincerely Linda Winterroth Washougal

This is one of the best books I have ever read. The title is accurate. Detailed account of what he experienced in heaven. Great book in my opinion. I read the whole book and could not put it down. It took me about 3 hours to read.
