Great Book!By Angeel live by the Rocky Mountains so I have always cooked with foil, but this book takes it to a new level. I like the idea of making these meals ahead of time then just throwing them on the grill (I usually cook it right over the fire).This is a must for anyone who wants easy, delicious meals when camping!Something for everyone in this cookbook.By My Unassuming SelfLots of easy and tasty recipes in this cookbook. Foil packet cooking is great not only during a campout. My son is looking forward to trying the "Crowd Pleasing BBQ Baby Wieners." :-)

I picked this up in preparation of a camping trip we are going on next week. I'm a bread pudding junkie so the Wildberry breakfast Bread Pudding was an instant must have! Now, I'm so excited about this book that I have to try some of the other recipes immediately in my oven.

Still continue to make more recipes from this Camping Cookbook. Everyone is raving about the wonderful taste from these easy no mush no fuss recipes. Each recipe inspires me to expand. My imagination.

Delicious. Can't wait to try these. There are many different recipes to suit every taste and there are good tips for making successful packets. Wish there were a few more healthy recipes, but I guess if you are camping you're probably burning off the calories.

I learned about cooking in foil when in the Boy Scouts and have had friends accompany me during hunting trips with their sons. Good information and easy. Helpful to know, if nothing more than to save on cleanup efforts.

Go to recipe author. She is clear and simple in her writing. Directions down to the t. Very pleased.
