Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

I like superheroes and so do my 3 year old daughters so this book seemed a natural purchase. But I have to give it low marks for the shockingly lazy job DC and Random House did. See that cover? Wonder Woman, Batgirl and Supergirl in action poses? I hope you like those pictures because they're repeated 3 times! Sometimes they rotate them slightly, sometimes they're flipped 180 degrees, because the publisher has such contempt for us they think we won't notice or care. The book has 6 double page spreads each with a picture of the character and one sentence, finishing with a spread of the heroes assembled. There's not much content, and the images from the cover are recycled inside. It was obviously put together with the least amount of effort possible and is not worth your \$8. For a much better take on this subject check out the Big Book of Girl Power: The Big Book of Girl Power (DC Super Heroes)

Disappointed in this book. No story really and just a few words per page.

Well put together

Daughter loves this book

daughter loves this book

My niece loves it. Good colors.

Great book! There is a page for each super hero with a few words per page. I bought it for my 3 year old to have in bed to "read" to herself at bedtime. The pictures are very brightly colored and large. There are tabs on the side showing which page is which super girl. The book itself is a board type book so it will hold up well to a 3 year olds abuse. All her favorites were in this book and she is very happy. If you are looking for a story to read to an older child, this book probably isn't for you as there is only one sentence per page basically telling you about the superhero.

These were party favors for young children and a mega hit!
