My son loves this. I have trouble getting him to read anything for school and since getting this book he won't put it down.

Okay so honestly, this is a really quick read but also probably one of the weirdest things I have read. Also it is a really fabulous read that left me laughing a lot.I'll update this once again my brother reads it (it is a Christmas present for him)

very expensive for a 2nd grade reader, which I didn't realize at the time I purchased them. I thought that they would be for an older crowd.
