Woodturning Magic: 12 Ingenious Puzzles To Make

Synopsis

Grab a few scraps of wood and start firing up your brain cells. Puzzles! They exercise the mind, engage the hands, and bring joy to all who dare to tackle them. It's a true mind-body activity. Make it a wooden puzzle and suddenly you've transported yourself to another time—a nostalgic era when simplicity was enough—and the challenge of figuring it out kept you on edge. Now you can learn the secrets to making your own puzzling wooden projects, designed to mystify and intrigue, with *Woodturning Magic*. Discover the magic in *Woodturning Magic*. This super-crafty, super-easy book features 12 seemingly impossible woodturned puzzles to make—all with incredibly simple solutions, once you know how. And you'll discover how—in just a few steps! Learn the ins and outs from a master craftsman. Using old techniques in a new and fascinating way, former woodworking teacher David Springett unveils his secrets for turning these intriguing and beautiful puzzles. With clear step-by-step instructions, hundreds of photographs, and illustrations to follow—plus a wealth of information and guidance on tools, materials, and techniques—you'll be mastering the tricks in no time. *Woodturning Magic* features: 12 beautiful, hand-crafted puzzles to make, keep, or give as gifts—including King Arthur's Puzzle, Greek Temple, Apple Core, and Isaac Newton's Orange 450 colorful photographs and 40 detailed illustrations to mentor turners of all levels—for a visual approach to learning Let your inner tinkerer run free. Woodworkers have a way of tinkering with scraps of wood, and this playful nature often leads to the creation of toys and puzzles. *Woodturning Magic* pieces that all together, and is sure to thrill children and adults alike.

Customer Reviews

David Springett has been a professional woodturner for 30 years with a particular interest in more experimental work, such as the seemingly impossible pieces described in his first book, *Woodturning Wizardry*. He has three other books published by GMC Publications.

I re read this book about 3 times now. I keep it near when I do some turning in order to see some of the projects and how they ended. Make sure that you use some garbage wood before you try these projects with expensive wood. I would rate these projects as intermediate to expert woodworking level. There are many drawings and many pictures in order to keep you on the right track. Well worth the purchase price!

Great book lots of ideas by a great turner

Arrived quickly and just what i needed. Thanks.

Book came in excellent condition

Great book..... I hope my husband enjoys it

This was a Christmas gift - my Son loved it.

Interesting
