## Synopsis

ALERT:Â Before you purchase, check with your instructor or review your course syllabus to ensure that youÂ select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition,Â you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Â Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Â Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Â Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. Â -- Gente isÂ the only truly task-based program that transports you, the learner, into an immersive environment.Â Learners interact with authentic language from the Hispanic world through a series of carefully-sequenced communicative activities culminating in a real-life task.Â â œTasksâ • are collaborative projects that integrate speaking, listening, reading and writing to complete them with the skills that are needed to communicate effectively in the real world!Â With Gente, you learn by doing, communicate with a purpose and emerge as an independent learner with the confidence to speak Spanish in a spontaneous, natural way. ## Customer Reviews

The January, 2015 release of this best-selling task-based program includes a new, interactive eBook, online vocabulary tutorials, dynamic study modules, and instant real-time classroom analytics made possible by Learning Catalytics. We all learn better by doing. Imagine trying to learn to play golf, swim, cook, computer skillsâ “almost anythingâ “through explanation â œaboutâ • rather than immersion in the actual experience. When we learn any new skill, we need lots of structured input at the beginning as we begin to try out our fledging abilities. As we become better at it, we produce more (output) and benefit from continued input (but less of it) as we refine our ability to do the taskâ at hand. With Gente, students achieve a high level of oral proficiency as theyâ learn by doingâ through a task-based approach. Withâ Gente, students can point to and identify concrete things they can nowâ do â andâ talk â aboutâ “in Spanish! â

MarÃ-a J. de la Fuente graduated from Georgetown University in 1998 with a PhD in Spanish and Second Language Acquisition. She is currently an Associate Professor of Spanish at George Washington University, and has taught atâ Georgetown University, Duke University, and Vanderbilt University. Her research interests include the role of interaction in second/foreign language (L2) vocabulary acquisition, and the role of emerging technologies in language learning. The results of her research in these areas have appeared in refereed journals such as *Studies in Second Language Acquisition*, *Computer Assisted Language Learning (CALL)*, and *Language Teaching Research*. Her current research focuses on the construct of task-based language learning. Prof. de la Fuente was the recipient of a 2008 Bender Teaching Award.

Just what I needed and works great for my class! Could see use because I ordered used, but was fine! Don't care for it though....

It did not explain grammatical concepts well.

I'm glad I was able to find this book at such a low price because paying the \$200+ was not an option

for me this semester. It has the exact same info inside that the brand new costly book does.

It's not helpful for spanish students to simply "fill in the blank" in paragraphs when they don't understand the context of the conversation.

Needed the book for a class. Arrived very quickly and the book is fairly simple. The price was very good as well.

great price

La Gente came promptly and in great condition. The information in the book itself is relevant to my coursework and is helpful for everyday Spanish grammar as well.

I don't recognize this
