Invitation Only (Private Book 2)

Synopsis

Reed Brennan's future is looking as bright as the two-karat diamonds in her new housemates' ears. Being accepted to the most prestigious private boarding school in the country wasn't enough for Reed. She had to break every rule to do it, but she has accomplished the impossible: Reed is a Billings Girl now. And with her new status come respect, envy, and, most important, opportunity. Not to mention the parties. Unfortunately, at the next illicit party in the Easton campus woods, her roommate snaps some pictures of Reed in more than one compromising position. She uses the photos to blackmail Reed: Dig up dirt on the most powerful and popular Billings Girls or she will have Reed expelled. And speaking of parties, the Legacy is coming up. It's the invitation-only Halloween party in NYC and it's rumored that Thomas -- Reed's MIA boyfriend -- will be making an appearance there. Too bad Reed isn't even close to invited. Life as a Billings Girl is every bit as glamorous as Reed imagined. What she didn't bargain for is the tangled web of private lies these girls weave.

Customer Reviews

Personally, I am finding this series addicting. It takes me around a day to read one of these books. I love how she introduced a new character into this book. Whitaker. I like him, and felt bad with Reed using him just to go to the Legacy. My heart kind of broke when she realised that the guy at the legacy wasn't Thomas.

But the ending just made me loose interest. I don't think I will read more of these books. I liked the first book, but the way chosen for the story line in this or rather the next one is not interesting to me. Sorry. Nothing wrong with the writing. But with a MC like this who is kind of weak and unlikable, I need more growth and character development.

It's hard for me to accurately review this since i purchased it for my girlfriend but she loved it and wants me to get the sequel so must have been good for her!

Fun, escape read. It's a fantasy world or rich and deceitful peep school kids. The plot lines are interesting and unique. The characters are pretty stock and flat though.

Loved all the books

This book series is great but once you get to the 7th or 8th book it feels like it was dragged out to long. And its rather depressing in every book someone dies or almost dies. I say read up untill the 6th book ten decide if you want to continue, because around book 10 you are sorta committed to finish.

Purchase as a gift for a friend's daughter. She enjoy the book/magazine.

Amazing novel couldn't put it down! It was very suspicious. The writer should get an award! Over all wonderful.BYE
