Michael Brein's Guide To Washington, DC By The Metro (Michael Brein's Guides To Sightseeing By Public Transportation) (Michael Brein's Travel Guides)

Synopsis

#Michael Brein's Guide to Washington, DC by the Metro shows travelers how to go to Washington, DC's top 50 visitor attractions by metro, Tourmobile, and bus. The guide shows which transit to use, which lines to take, which stops to board and exit at, and, using about 30 detailed mini-area-walking maps, shows exactly how to walk from these stops right to the visitor attractions. Additional nearby points of interest are also indicated on these mini-maps. An ultra-large (very easy to read) official map of Washington, DC's transit system is also provided. The Washington, DC guide is concise, compact, and comprehensive and fits in your pocket (leave the bulky books back in the hotel room!). Michael Brein's Washington, DC guide is part of the world's first and only travel guide series specifically designed to show travelers how to sightsee the top 50 visitor attractions by public transportation in a variety of the world's most visited cities.#

For those who want to know where a subway will take them, there is a new series of city public transit maps packed with information. --New York Times
In all my years in travel, I've seen some offbeat things, but when I got a copy of Sightseeing by Public Transportation I was hooked, fascinated and wondered why no one's done this before. --On the Road with John Clayton
Sightseeing like the locals. U-Bahn, tram, underground, metro, bus ... sometimes the best way to see a city is by public transportation. Michael Brein's maps include public transit routes and directions to the top 50 points of interest in cities around the world ...# --United Airlines Hemispheres

This all-new "underground" sightseeing map series has surfaced for the budget conscious and independent traveler who yearns to visit major tourist attractions in cities around the world by using public transportation as an alternative to cars, taxis or organized bus tours. The series includes similar guides for Amsterdam, Barcelona, Berlin, Honolulu, London, Madrid, Munich, Paris, Prague, Sydney, Vienna and soon other cities. Michael Brein's Guides give you the one thing all the other travel guides do not, namely, how to actually go to points of interest! This powerful series provides you with compact, concise and comprehensive information in a small-footprint, map-fold format that fits conveniently in your pocket. Leave the big, bulky, heavy travel books in your room and don't leave your hotel without Michael Brein's Guides. And once you've used one of Michael's Guides, you'll want the others!

It's more of a schematic than an actual map. It's good to have a real map to go with it.

I am disappointed that there are not more street names available. For someone that is not familiar with DC, this map must be used with another city map.

Out of date and not very helpful
