Customer Reviews

Made easy through awesome writing, definitely a keeper

This book has some pretty good info for getting started with crystals and which crystals work for which chakra. Now I know some crystals that I need to get.

Good overview for anyone starting out. A nice introduction to the Chakras as well. Helps identify specific known crystals and how to prepare them cleaning, charging or storing.

Very good for beginners short and to the point. Gives you a nice starting place to expand your knowledge of crystal healing.

So helpful and explanatory
