Customer Reviews

"Of all the Buick books a Buick fan could own, this should be on the top of the list" -- Steven L. Dovelf you're interested in Buick diecast and collectibles, this is the book to have. -- Daryl Riegel, Turbo Buick Newsletter

A Guide to Buick Diecast and Collectibles took over 1 year to publish and has to be simply the most complete guide to Buick Diecast and Collectibles. In fact, its the only guide to Buick Diecast and Collectibles book on the market.

Too many NASCAR models. I prefer them stock so I was disappointed in the book. Didn't see some of my own Buick diecast.

Well, I must say that this is a unique and one of a kind book. It has tons of pictures and collectible prices (values). It has alot of items that I don't have in my collection and the ones that I do have it was cool to be able to see the average value of them. I found one in there, a Dale Earnhardt Ertl car, that has over a \$500 value. If you collect buick stuff you need this book. Its about 70% racing

items and the regular stuff only goes back to about the 1960's but that's really ok with me as I am only really interested in the buick muscle cars and the turbo cars. Anyway, hope this helps you if you are thinking about getting this book. And, since there really aren't a lot of buick books on the market it's a great one to just add to your library even if you don't collect buick stuff but are just curious.
