Major Dad: An Older Man Single Dad Military Romance

Synopsis

Riley Cole is my best friend's only daughter. Her dad also happens to be my commanding officer at the JAG military base on Oahu island. He'll kill me if I so much as look at her. Off limits. Out of bounds. Completely taboo. Do not even think about it. Unless you fancy a triple tour to the end of the earth. I'm too old for her, battle scarred, tarnished by a basket-case ex. Not to mention a single dad to my cute little soldier. I can't look at her, I can't study her dangerous curves or fall under her flirty spell. But some temptations are irresistible. I'm just crazy enough about Riley to risk it. Major Dad is the latest in my older man younger woman dad's best friend romance collection. Miabox

Rylie Cole has earned a prestigious law degree but you wouldn't know it by the way her dad, Lt. Col. Cole, orders her around like an untrained puppy....her words, not mine. In addition to listening to her dad rant about her future, the one he has envisioned for her, she is also stressing about failing her law boards. An hour into his lecture and she has found a way to block her dad's running comments and commands by daydreaming about his best friend, Major Ethan Hayes. In addition to his BFF status, Ethan is also a USC grad and a JAG officer under the command of Lt. Col. Cole. He spends his time defending badass military personnel from court martials. OK, I like this guy already...gorgeous, smart and badass. I'm thinking Ethan is the guy on the cover so I totally understand Riley's obsession with him!!! To further complicate her life, it seems an "Off Limits" code regarding his daughter was issued by the Colonel to all men on base and no one is about to break code, no matter how gorgeous Rylie is. Body heat and hormones are poised to over-ride her dad's command...and that's when things go from complicated to dangerous because according to Riley, her dad "has the nose of a drug-sniffing rottweiler." As you can tell the author as a sharp wit and a nose for love because things just get more complicated as these two hotties figure out what they want and how they can make it to the promised land without bodily harm. And if that's not enough, there is another man. He is considerably shorter but non the less attractive or engaging. His name is Caden and you will fall in love with him too! The author takes you through a complicated set of situations and hurdles that throw up roadblocks and you will wonder if things will work out but I say, stick with the story...you'll be glad you did. It's a stand alone so no "cliffies". I was pleased to receive a reader copy of this story and look forward to more books from this author.

I voluntarily read this book through an Advanced Reader Copy. This is the story of Ethan and Rylie.

Ethan is a Major in the JAG corps of the army base on Oahu. He is a top-notch attorney with a cute kid, ex-wife with a penchant for taking off to wherever, and has eyes for the Lt. Col.'s daughter who is strictly off-limits. Rylie is a recent law school graduate, studying for the bar exam, wanting a career in environmental law and has always had eyes for her dad's best friend, Ethan. Rylie's dad wants her to join the army and become a JAG lawyer and treats her like she is still a child. but at 24 she's looking for adventure and a relationship. She likes Hawaii and wants to stay there, despite her mother wanting her to come to Boston to catch a MIT grad. Of course they do start sneaking around and she is falling for both Ethan and his adorable son, Caden. Ethan's ex-wife notices he is looking elsewhere and wants to get back with him, but no spoilers...he's no longer interested in the ex....but will he get transferred to BFE for dating his Commander's daughter, will she join the army, will she pass the bar in Boston or will they have a happily ever after???On a lighter note, I can totally understand her dad. Being an Air Force brat, my first date, a young Airman, asked my dad if he could take me out to the base movie theater before he even asked me for a date....

Riley is a recently graduate from law school who is living at home with her dad while studying to take the bar for 2nd time. The problem with living at home is that her dad is a Lt. Colonel and treats her like one of his recruits. He is also disappointed that she didn't join up and she failed to pass the bar the first time. Her dad has a little younger best friend, Ethan who is also under his command. Riley has dreamed about Ethan for a long time and has problems acting normal near him. Her passion for him keeps growing but if she shows her interest in Ethan her dad may transfer him to the coldest part of Alaska. Ethan knows he should leave Riley alone. It is tradition for military men to not notice their commander's daughter so not to offend him. Ethan can't be sent to Alaska because he has his small son depending on him. However the attraction and passion between Ethan and Riley grows and grows until they can't resist. Somehow Riley and Ethan must stick together no matter how much interference they get from parents or family. I voluntarily received a copy of this story and this is my honest review .
