Customer Reviews

"A pleasurable read with ravishing photography plus maps and plans of supreme quality." - The

Observer --This text refers to an out of print or unavailable edition of this title.

The Eyewitness Travel Guides are my "go-to" books for info about most destinations. This one is another good example -- the only reason I gave a four-star versus five-star review is that the book is primarily about Naples --- the title and relative print size might be a clue there! I'm just flying in and out of Naples, however, and spending my time on the Amalfi Coast which gets much less treatment here. But still a great book to add to my travel collection.

The Eyewitness Travel Guides serie is the indispensable companion to all your travel. It is always a joy to know that you are going to visit a part of the world that is covered by their guides. Detailed street by street maps, wonderful pictures, drawings and explanations of monuments, great resource index: these guides are second to none in my opinion. The main part of the Naples and Amalfi Coast guide is dedicated to Naples, so if you are only going to visit Sorrento or Amalfi you may be tempted to look at this book as not focused enough on your area of interest. I found that the Naples section sets the context for the historical and cultural significance of the entire areal, and therefore the entire book really makes sense no matter where your travels take you. I was vacatoning with my dad who has limited mobility, staying in Sorrento, and this book really helped maximize our focus on sights that he could handle and enjoy. Simple villages such as Massa Lubrense, for example, would be very easy to miss. I would feel bad not mentioning the restaurant "O Parrucchiano" listed page 201 under Sorrento: it was the epitome of hospitality and a place you can only picture in a fairy tale. And if you were not planning to visit Naples, may this guide inspire you to do so - you absolutely won't regret it.

Recently purchased this book based on reviews I read but a little disappointed in it's content. The book has wonderful pictures and great descriptions of places to see in Naples but not so much content on Amalfi Coast. Since we were only spending a day in Naples and a week on the Amalfi coast, I had to look for additional reading material to supplement the Amalfi Coast.

This guide book contributed to our wonderful trip to Naples. I always get the DK guide before going to a European city.

Received quickly, in padded envelope, in great condition. This is a great book and for anyone looking for travel books, this series is the BEST!!
