Customer Reviews

This is not a "book," as the term is usually used. It is simply a listing of the so-called "top 500" restaurants with no text or explanation of how the restaurants were selected. Calling this a "Guide" a total fraud...the book simply lists 500 restaurants with addresses and phone numbers...no websites or descriptions other than "cuisine" and an "average price" such as "modest or "inexpensive," although no price parameters for any of these terms are listed in the book. There is no index by name, cuisine, price or location, so unless you are fascinated by the notion that "Dumpling Sisters" is the 302nd best restaurant in Melbourne, save your money and buy a real restaurant guide...and by the way, the entire contents of this book can be found in the equally valueless "Melbourne Travel Guide 2018."
