Customer Reviews

This is the complete score to the original incarnation of the musical, and this is also what is used when licensing the show from R&H (again, for the original version). I got this as a keepsake after having been in a production in high school, and I have since used it to accompany another production. Please note: This does NOT match the Broadway production that opened in 2013. There is another book available that includes the new songs and alternate arrangements for that production.

The package, itself, was intact. The book looks rough and ripped on the back cover. It is definitely not in perfect, new condition. So I am disappointed by that since nothing said it was used.

As described. We paid to do this show at our high school but only got two copies. This will come in handy and we can mark it up all we want because we don't have to send it back!

Everything I hoped it would be.

There is the complete vocal score - exactly what I was looking for.

This is the complete piano score to the Rodgers and Hammerstein play Cinderella. I received a brand new copy as ordered and it arrived quicker than I expected.

It's a good songbook, the problem is that I expected to find the songbook for the Cinderella musical that is being played in Broadway these days. Unluckily, this songbook has the songs of 1957 Cinderella movie (Julie Andrews). So there are some songs missing in the songbook and, at the same time, there are songs that are not sung in the Musical. However, in my opinion I think that I've done a good purchase.

I had bought other music books and music sheets for Rodgers and Hammersteins Cinderella and none of them had the complete lyrics for the Cinderella song I was looking for. This one had all the lyrics so it was great for the performance my daughter had to do.
