## Customer Reviews

This book contains recipes for an enormous number of different possible meals—more than 1200 if you get the e-book version, which most people probably will. The price is reasonable and the eBook format is convenient if you need to find a recipe that will work on short notice, are in a bind, or if a friend calls you on the phone and asks you how to make this or that. With this book, you can quickly look it up, answer the question, and make them think that you are a master chef or someone who knows a lot about how to cook lots of different things. The recipes are divided into freezer, dump meal, and bonus categories, and each recipe is described in a common format: category (freezer, dump meal, bonus), name: (for example roast beef and carrots), Cook Time, Freezer Thaw Time, Ingredients (a list of), and Directions (e.g., thawing and how to cook). A bargain at the price.

There are many different recipe ideas this book offers. I have been using it since I received it. You get a few recipes in the book, but you can go online and get the rest, it is awesome. I work a lot of hours, so it is easier for me to throw something in the crockpot before work, so it will be ready when I get home. The crockpot is my favorite new way to cook things. While I normally look up recipes online, it is nice to have an actual paper book to look at. This book has so many recipes that are easy to make.

This book contains a huge collection of crock pot recipes which require very little effort to prepare. Most of the ingredients can be easily found in any grocery store, and the directions for each recipe are clear and easy to follow. If you're a busy individual who doesn't really have too much time for cooking, just buy yourself a crock pot and the food is basically gonna cook itself.

Crock pots are becoming very popular these days. It is no doubt very useful and practical to every busy person. This ebook has a wide collections of easy to prepare crock pot recipes that we can enjoy with our family. The recipes are divided into 3 categories which are freezer meal, dump meal and the collection of free recipes. Each recipes has a detailed information, preparation and cooking time are also included. What I like about this eBook is the table of contents, each recipes has a direct link to it, so no need for you to scan all the pages if you want a certain recipe. I find this ebook very useful most especially to those who doesn't have much talent in cooking just like me.

For busy folks like myself, these 100+ recipes are heavensent. Having a crockpot is already a wonder in itself, but meals can get boring without much variety. Now, I have lots of choices and I can make a really varied menu that takes a few months to rotate. Knowing that there is a great

kitchen gadget that can help me make delicious meals is a big blessing. Having recipes for this is a big bonus. I am glad to have this book.

This book is filled with loads of recipes for meals you could prepare with the use of a crock pot, particularly if you happen to be one of those individuals who don't have all the time in the world to spend in the kitchen cooking meals over a hot stove. Whether freezer meals or dump meals this book offers recipes for both. The recipes are quite diverse allowing you to enjoy different tastes from countries around the globe. Whether you want Mexican food or more of a Hawaiian flavor. Whether you want a taste of Asia or from the Mediterranean this book has got what you need. With 1000+ recipes for you to enjoy, you can use this book for years to come.

Great book on crock pot recipes! The instructions provided in this book are very clear and easy to follow. All your possible questions will be answered. The recipes are quite diverse allowing you to enjoy different tastes from countries around the globe. All you have to do is to prepare the ingredients and follow the simple instructions of this book and put all together in your crock pot, set the time and you already have a delicious meal. As for me, the best part offers great ideas for breakfast "one of the most important meals during the day."

I already have lots of recipe book but I like to collect new books and want to learn new recipes from new books, after getting this book I feel that I don't need to buy anymore book cause it's have lots of recipes I mean it's have all kind of recipes that we need from one books 1200 it's really a big number of recipes. I didn't complete read this book, but how much read from that I can say one think this book have all recipes that one human can need. Really too great recipe book I ever seen.
