Boy's Guide To Girls: 30 Pointers You Won't Get From Your Parents Or Friends

Synopsis

Written in a lively, upbeat tone that talks to young men ages 10 and up in their own language, this book guides them through the maze of emotions, peer pressure, and misconceptions that surround girls and dating. Filled with solid advice and information that enables young men to make good decisions and handle themselves around girls now and in the future, the text is interspersed with quick personalized quizzes to build understanding and self-confidence. Individual chapter topics include crushes, getting to know a girl, what to do when you go out, how to break up, getting dumped, dances, and parties.

Customer Reviews

BOY'S GUIDE TO GIRLS strips away the small talk and gets right to the business of how to talk with girls, read the unspoken signals they send, ask a girl on a date, deal with rejection, and know what to do when you go out.

Gary J. Campbell, MS, BSW, is a licensed school counselor and social worker with more than 23 years of experience. He is on the Board of the Wisconsin School Counselor Association, a member of the St. Croix Valley Restorative Justice Board, and is faculty representative for the school district's educational foundation. He lives in River Falls, Wisconsin. Frank C. Hawkins is the coauthor of The Book of Bad Habits for Young (And Not So Young!) Men and Women, The Boy's Body Guide, The Boy's Fitness Guide, and The Girl's Fitness Guide. He lives in

Potomac Falls, Virginia.

This was intended to be a novelty gift for my 17 year son for Christmas. He said it was one of his most favorite gifts. I was kinda shocked, I did not read it prior, but it seems written for boys much younger, like 12-13 year old range. I was very pleased my 17 year old found it informative.

I gave this to my very shy 13 year old son in hopes that it would help him and maybe give him some pointers. He read it in less than a week which is good. He likes to read anyways and I was hoping this would help him out. When we talked about it he said most of it was just basic common sense. He said it was probably better suited for 11 and 12 year olds. I bought it because I thought it was geared more toward 14 and 15 year olds. Without elaborating he said he found a few of the tips helpful or in the very least interesting. I asked him how he would rate it and he said 3.5 stars. He did say sometimes the book was repetitive.

I purchased this book for my nephew who is painfully shy around girls. I was pleased with the the book as it is written with advice that all young gentlemen should know about treating a young woman I like a lady. I wish the book description on was a little more clear regarding the authors. I would have felt more at ease in purchasing this book. Mr. Campbell is a licensed school counselor and social worker with over 23 years of hands on experience and Mr. Hawkins is a father of two teenagers. It shows in the writing.

Grandson was a little embarrassed but the rest of the family loved it when he opened it at Christmas.

I didn't know how this would go over with my grandson but he liked it. Started reading it immediately!

Hi, I was looking for a guide line book for my sons, they are pre teens and need advice , with their Dad gone a lot they need some guide lines , I brief the book so far is a good read.

It's a good guide for young boys in middle school.

My son is a very earnest type, and is very concerned about knowing the right way to handle

situations...in other words what is expected of him. He is now 12, and has his first real girlfriend...more a girl friend, but moving towards something more. This book gives frank, down-to-earth discussion of issues that his friends would laugh about or make light of. It gives him some insight into what might be good ways to deal with all the issues, complexities and feelings around dealing with crushes, girls, etc. He really liked it, and so do I.
