The Sponsor's 12 Step Manual: A Guide To Teaching And Learning The Program Of AA.

Synopsis

Now available in Spanish. Newly edited and formatted for Kindle 2017. The Sponsor's 12 Step Manual is an independent approach to delivering the program of A.A. that will help people learn faster and remember more. The manual uses a six-point method of teaching (Bloom's Taxonomy) to reinforce learning and to increase comprehension and promote awareness of the Steps to its fullest extent. Using Bloom's taxonomy as a powerful tool to help develop learning objectives, we engage the following process of learning: Before you can understand a concept, you must first remember it. To apply a concept you must understand it. In order to evaluate a process, you must have analyzed it. To create new ideas and sponsor people, you must evaluate your understanding. The process starts with remembering and understanding the language used in the Steps then progresses on to an in depth study of what is in A.A. literature. The six levels also cover self reflection and creativity with the final level of each Step looking at how a sponsee may carry the message to a newcomer. This is not a 'stand alone' book, for it to work you will also need to have access to A.A.s Big Book and The 12 Steps and 12 Traditions. Also available as a WORKBOOK EDITION.

This book is great for me as sponsor to help other to understand the steps. I wish I would have had it when I first came in the program.

I liked the simplicity of the approach....and I liked the idea of their 5 steps to learning. I believe it is a

little too simple to be a stand alone manual...but it worthwhile to add to your ability to pass on what we have learned.

John did a super job on this little book. HE goes through all 12 Steps in the Big Book and Twelve and Twelve books and writes up Exercises for study purposes. Well worth the time and money to invest in this book.

A great help in the process of sponsoring others. I have looked for quite awhile for help with that situation so I appreciate this book very much.

I appreciate this book. It helps me be more organized in my walk with my sponsee. I don't want to do her work for her. This book allows me to pull out questions and ideas to bring to my sponsee. I enjoy the layout.

Good for a beginner in Twelve Step recovery.

It's a good starter but I was expecting a little more meat.

Gives me a few good ideas, but most of it is the same for every step.
