Customer Reviews

• "Deep characters, a complex plot, rich mythology, and a stunning setting. Wild and wonderful." • (Kirkus Reviews (starred review))

For generations, the African plains have been ruled by a strict code: only kill to survive. But treachery lurks in the unlikeliest of places, and some animals will stop at nothing in their thirst for power. When an unthinkable act of betrayal threatens to shatter the longstanding peace, three

young animalsâ "a lion, an elephant, and a baboonâ "are thrust together in an epic battle for survival. The fragile balance between hunters, scavengers, predators, and prey now rests in the paws of these unlikely heroes, each with something to gainâ "and everything to lose.

Not quite as good as the Warriors series of books, but it keeps me entertained in between publications of each segment. I look forward to seeing the next installment.

This a perfect beginning for a series of many animals diaries to read. This is a rare thing to get to read

i read this book in 1 day, it was entertaining for the first 2 acts of the book. you really felt for the characters and hated the villains, the character Nut is a bully, and in the third act he's charged with murder. Even though he is a jerk you feel bad for him. As predictable as the last twist was i still really enjoyed it.

Erin Hunter has written yet again another amazing animal series. The book takes you deep into the African savanna, full of friendship, revenge, betrayal, mystery and just a hint of magic. I have to say I love this series (so far) almost as much as Warriors. While I do not agree with Erin's beliefs, she has a beautiful way of writing about animals. The story follows three young animals, a loyal baboon named Thorn, a broken-hearted lion cub named Fearless, and a future-reading elephant calf named Sky. These three animals are happy living their lives on the peaceful Bravelands. But when disaster strikes each young mammal, they must decide what path to take- the good, or the bad. Erin Hunter has done it again, with her fourth epic animal series. Truly a novel worth reading.

Rating: 5 stars out of 5 Cover: Beautiful, imaginative, very wonderful and thought provoking Title:

Very appropriate Story: The story starts out with a young lion cub named Fearless who is enjoying the day with his pride. Suddenly a male lion comes and disrupts Fearless's life. He runs away and gets carried into a nest by an eagle. A baboon, Seed 'Stinger' Highleaf, saves him and Fearless gets a second chance at life with the Brightforest Troop. The second part is about a baboon named Thorn who tries to get higher up in the troop's social hierarchy to be with his true love, Berry Highleaf. To be able to be with her, Thorn has to steal an egg from a bird of prey, cross a crocodile infested river and defeat an opponent in battle. The last animal, Sky Strider is an orphaned elephant who takes care of her younger cousin, Moon. One day when visiting the bones of her mother, Sky

has a vision of danger. No one else believes her until the worst possible thing happens. These three unlikely heroes will have to figure out who is behind the murders of very important animals. When Thorn finds out the killer he is shocked and horrified. Fearless and he also have to rescue a lion cub in exchange for someone's life and succeed with an exiting twist. Don't miss this action packed book filled with loyalty, honor, bravery, mystery and the love of home. Erin Hunter has out done herself again!

I loved the book Bravelands by the Hunters. It was a fantastic read and I could not put it down. It was a nice change from wild cats, dogs, and bears. I loved the way everything was set up. It was so harmonious. The plot twists were unexpected, as they should be, and made the story much more interesting. The viewpoints, told from a lion, baboon, and an elephant were extremely well written. I can not wait for the next book!

My daughter is LOVING this new series! She is ready for more! Has already read Warriors, Survivors, & Seekers. She LOVES them all! She is also re-reading many of her Warriors. I don't know how she does it, but she gets it done! Erin Hunter is aweome! Not only does my Sassy love her books, but my other older teens read most of her books while they were younger. This is gonna be a BIG hit like Warriors, we think!

A beautiful book, with many great characters. I was nervous at first, because I have only read the warriors series. The Erins made a fantastic book that I'm excited to read again and again until book 2. Would recommend
