Customer Reviews

paperback book

This guide is perfect for the seasoned New Yorker or the tourist walking around Central Park and other places in New York City. For each landmark, there is a picture and a paragraph detailing the history and important fact. The book arrived on time in the condition described by the seller.

This book has been invaluable in my search for statues and sculptures in Manhattan. Not only is it very thorough, but there's also a really interesting write-up about each one.
