Keith Neely has been an illustrator most of his life. He studied art at Brevard, Chicago Art Institute, and Art Center College of Design. Accepting Christ as a young Air Force guard in California in 1968, he decided to dedicate his life to the Lord. Keith's illustration career has included working for many organizations such as Disney, Campus Crusade for Christ, Campus Life, Children's Digest, Augsburg, Child Evangelism Fellowship, Gospel Light, Logos, McGraw Hill, Moody, Standard, Southern Baptist Convention, Methodist Publishing, Thomas Nelson, Warner, Zondervan, and many more. He and his wife, Roberta, have five children and nine grandchildren. --This text refers to an out of print or unavailable edition of this title.

Love this book. Good quality paper. Each old testament reference stands out as such because of how it is written on a scroll. Very cool and it shows the old testament address. I like this as it breaks complicated thoughts down into smaller thoughts. That makes it read repetitive but it goes fast. I recommend this to anybody that has put off reading Paul because of his writing style. And of course have your KJV and NKJV and Geneva etc bibles handy if you are doing an in-depth study. =)

Dear Parents: If you want your child to grow in the Lord by studying His Word and to also keep their interest in the Word, then I highly recommend this book. It is also a great tool for witnessing to children. Kids will tell other children about this book because it is exciting and it is word for word with pictures to help explain the text even more. The author doesn't drift off with his own theology. He sticks to the Word of God. So your child will be getting the raw milk, meat, bread, and honey of the Word. By reading this Illustrated Bible, your child will grow leaps and bounds ahead of other children. He or she will be able to answer biblical questions that will even surprise adults. My children can't put it down. Isn't it a good problem when you have to make your children put the Bible down to go to bed or eat dinner and so on? Well that is what this Bible will bring into the lives of your children. I also highly recommend the Illustrated New Testament to Sunday School teachers. I guarantee your class will love it. I'm going to tell you a secret, I enjoy reading it too. Don't tell anybody. Smile. I, as an adult can't wait to turn it to the next page to look at the pictures as well as read the Word. What an exciting Bible. Ardree

This is actually a Translation of Bible for children from the original language rather than a re-telling of bible stories. Children are more capable of believing the word of God (taking God at his word) than Adults. (No wonder the Lord said 'except you become like little children You can not enter the Kingdom of God'). So I believe there is no need to re-tell the stories of bible in our own insufficient words and Let the Spirit of God impart truth in the Children's hearts by directly using His Word. I have a 5 Year old and a 2 Year Old. I have been reading this to my older one Since he is 2 or 3. And I have been reading this to my Younger one since he is around 6 months. They both love it and the pictures especially draw their attention and also help them understand the bible better. I presented to my niece who is 8 Years old. And she loves it. I heartily recommend this to any parent.

I really appreciate the ease of this Bible. I wanted to check it out first before giving to a youth. May order a few more in the future if needed.

I started purchasing this bible for my Upward Basketball teams who were 2nd graders. The illustrations in the bible are excellent and the comic strip look helps in keeping them engaged in reading the bible. My daughter is now in second grade and I bought this bible for her and she loves reading it. The illustrations go along with the scriptures. I also like the ICB translation for kids. When we do our Bible study each night she is now wanting to read her Bible for the study. I really recommend this Bible and hope they reprint it again!!

The book looks brand new. I bought this for my grandson. His cousin has one just like it and loves it. He takes it to church with him, and also reads it at other times. The two boys are 7 years old, and like the comic book style of this book.

This Bible is AMAZING! Our kids are 8, 5 and 4 and they ASK us to read it daily! Our 5-yr-old son learned how to read this year and he will happily spend hours reading it. The pictures bring the text to life, and the text is very true to Scripture. It even includes chapter and verse markings. HIGHLY RECOMMEND for any parent who wants their child to be excited about reading God's Word.

Great bible!!!
