Great up-to-date Contemporary Praise Music.

This is an awesome book with beautiful arrangements. I'll use it and USE IT!

Always love this series of books.

This latest in the series just isn't as good as the previous 6 books. The songs just aren't "singing" songs. I feel these songs were "forced-composed" just to have something for the composers to publish. Words and music just didn't feel as good as first 6 books.

Most songs are written in keys too high for standard (alto) voices to sing. If you're a soprano/high soprano, you'll love the book. If you prefer to sing more in the tenor range, you'll have to pass on the majority of the songs.
