âœ[Hisham Matar] writes with both a novelistâ™s eye for physical and emotional detail, and a reporterâ™s tactile sense of place and time. The prose is precise, economical, chiseled; the narrative elliptical, almost musical. . . . The Return is, at once, a suspenseful detective story about a writer investigating his fatherâ™s fate at the hands of a brutal dictatorship, and a sonâ™s efforts to come to terms with his fatherâ™s ghost, who has haunted more than half his life by his absence.â•â "Michiko Kakutani, *The New York Times* âœIt seems unfair to call Hisham Matarâ™s extraordinary new book a memoir, since it is so many other things besides: a reflection on exile and the consolations of art, an analysis of authoritarianism, a family history, a portrait of a country in the throes of a revolution, and an impassioned work of mourning. . . . For all its terrible human drama . . . the most impressive thing about *The Return* is that it also tells a common story, the story of sons everywhere who have lost their fathers, as all sons eventually must.â•â "Robyn Creswell, *The New York Times Book Review*âœ[*The Return*] roves back and forth in time with a freedom that conceals the intricate precision of its art. One of the greatest achievements of this outstanding book is a narrative design that keeps us hungry for new information even when we suspect exactly what has happened. . . . Mr. Matar is not a wonderful writer because his father disappeared or because his homeland is a mess: He is a brilliant narrative architect and prose stylist, his pared-down approach and measured pace a striking complement to the emotional tumult of his material.â•â "The Wall Street Journal âœOne comes away from this beautiful book feeling a sense of loss for the Libya that Matar and his father, brother, mother, uncles and cousins all fought for or dreamed of. . . . The effect of the familyâ™s attachments is less sentimental than defiant. And although the author does

not want to give Libya anything more, he has, in this profound work of witnessing and grief, given it something indeed: a testimony that, even if shaped by the brutal state, has not ultimately been erased by it. The Return, for all the questions it cannot answer, leaves a deep emotional imprint. "Newsday" calls it a "moving, unflinching memoir of a family torn apart by the savage realities of today's Middle East. The crushing of hopes raised by the Arab spring" at both the personal and national levels "is conveyed all the more powerfully because Matar's anger remains controlled, his belief in humanity undimmed." Kazuo Ishiguro, in "The Best Summer Books," writes that Matar's prose is both spare and soaring, transporting in the way a great painting or musical composition can be. His words are selected with careful intention; his sentences are at once poetic and conversational, his themes particular and universal. . . . Matar's evocative writing and his early traumas call to mind Vladimir Nabokov . . . but where Nabokov's loss of country and father were public and final . . . Matar's are frustratingly indefinite. . . . There is no record. There is no grave. Only this elegy by a son who, through his eloquence, defies the men who wanted to erase his father and gifts him with a kind of immortality. "The Washington Post" calls it "The Return is not about one family. It's the story of Libyan opposition and resistance, although the Matar family shapes the storyline. . . . The book describes how, cruelly, even the dimmest ray of hope can keep the families of the disappeared from accepting the possibility of their loss." "The Christian Science Monitor" writes that "In this triptych of beloved country, father, and the art that survives, Matar moves us with the force of his compassion, grace, and fury. . . . The Return is one of the most notable memoirs of our generation, by one of our most elegant living writers. In his testimony to the tenacity of the human spirit, Hisham Matar has shown us what language can do." "Los Angeles Review of Books" calls it "An utterly riveting account of a devoted son's quest to learn the fate—not necessarily the truth—" of his father. "The Boston Globe" calls it a "moving new memoir that is as much a commentary on the power of art as it is a harrowing tale of life under totalitarian rule . . . Even in the face of unspeakable injustice, family and stories possess the power to help one endure." "Minneapolis Star Tribune" writes that "Few trips could be as emotionally freighted as the one taken by Libyan-raised novelist Hisham Matar in his thriller-like memoir, "The Return: Fathers, Sons, and the Land in Between," about the post-Qaddafi search for his dissident father" and his own deeply ambivalent sense of homecoming. "Vogue" writes that "He writes eloquent and precise prose, and his deep inquiry into his father's imprisonment and absence, and the conflicting details about his death, blend with consideration of Libya's politics and history, to create a deeply resonant memoir." "National Book Review" calls it "A masterful memoir, a searing meditation on loss, exile, grief, guilt, belonging, and above all, family. It is, as

well, a study of the shapingâ "and breakingâ "of the bonds between fathers and sons. . . . This is writing of the highest quality.â •â "Sunday Times (London) â œAt times almost unbearably moving . . . Hisham Matar is an observer and listener of enormous subtlety and sensitivity, and he writes English prose as cleanly and clearly as it can be written. This is a story of terrible deeds, but also a tale of mighty love, loyalty and courage. It simply must be read.â •â "The Spectator â œA truly remarkable book. From the raw materials of his anger, his suffering, and his guilt, Matar has built a testament to his father, his family and his country. . . . It is a book with a profound faith in the consolations of storytelling. . . . The Return is an act of defiant rememberingâ •â "Daily Telegraph (UK) â œ[A] magnificent book . . . Deeply affecting.â •â "The Times (UK) â œOut of his protracted torment Matar has forged a memoir that in its nuance and nobility bears unforgettable witness to love, to courage and to humanity. The Return is also a subtle and nimble work of art. It shifts elegantly between past and present, between dialogue and soliloquy, between urgent, even suspenseful action, and probing meditations on exile, grief and loss.â •â "Financial Times (UK) â œMr. Matarâ ™s questions, however, go well beyond politics. This beautifully written memoir deals with the nature of family, the emotions of exile and the ties that link the present with the pastâ "in particular the son with his father, Jaballa Matar.â •â "The Economist â œ[Matar] reveals a suspense novelistâ ™s seasoned instincts . . . A beautifully written, harrowing story of a sonâ ™s search for his father and how the impact of inexplicable loss can be unrelenting while the strength of family and cultural ties can ultimately sustain.â •â "Kirkus (Starred Review) â œA magnificent memoir of exile and loss. Hisham Matar writes Libyaâ ™s contemporary history with a Proustian sensibility and the intellect of Al-Jahiz. A timeless read.â •â "Rawi Hage â œThe Return is a personal memoir, concerned with the kidnapping and disappearance of the writerâ ™s father at the hands of the Qaddafi regime. It is wise and agonizing and thrilling to read.â •â "Zadie Smithâ œWhat a brilliant book. Hisham Matar has the quality all historiansâ "of the world and the selfâ "most need: He knows how to stand back and let the past speak. In chronicling his quest for his father, his manner is fastidious, even detached, but his anger is raw and unreconciled; through his narrative art he bodies out the shape of loss and gives a universality to his very particular experience of desolation. The Return reads as easily as a thriller, but is a story that will stick: A person is lost, but gravity and resonance remain.â •â "Hilary Mantel â œThe Return is a riveting book about love and hope, but it is also a moving meditation on grief and loss. It draws a memorable portrait of a family in exile and manages also to explore the politics of Libya with subtlety and steely intelligence. It is a quest for the truth in a dark time, constructed with a novelist's skill, written in tones that are both precise and passionate. It is likely to become a classic.â •â "Colm TÃ ibÃ-n â œA triumph of art

over tyranny, structurally thrilling, intensely moving, The Return is a treasure for the ages.â •â "Peter Carey â œThe Return is tremendously powerful. Although it filled me with rage again and again, I never lost sight of Matarâ ™s beautiful intelligence as he tried to get to the heart of the mystery. I am so very grateful he has written this book.â •â "Nadeem Aslam

Born in New York City to Libyan parents, Hisham Matar spent his childhood in Tripoli and Cairo and has lived most of his adult life in London. His debut novel, In the Country of Men, was shortlisted for the Man Booker Prize and the National Book Critics Circle Award, and won numerous international prizes, including the Royal Society of Literature Ondaatje Prize, a Commonwealth First Book Award, the Premio Flaiano, and the Premio Gregor von Rezzori. His second novel, Anatomy of a Disappearance, published in 2011, was named one of the best books of the year by The Guardian and the Chicago Tribune. His work has been translated into twenty-nine languages. He lives in London and New York. From the Hardcover edition.

Although the book was about loss, fear, familial uprooting, and other awful situations, I thought the writing to be factual, precise, and unemotional. I found myself lacking sympathy for the characters, and getting bored with their continuing searches, even though the premise of the story should arouse more of a response!

This is an important story that needs to be told to remind us of the injustices in the world. The author crafts an intriguing story, embedded with vivid descriptions and history. The only drawback is that his tendency to paint a picture impacts the flow of the real story.

The author takes us on the his intimate journey to get the closure he needs with his father. In so doing, we are able to experience many of the challenges faced in his homeland as well as the complexities that inhabit all family members. This is a courageous undertaking on his part. Beautifully written!

Powerful emotional and reflective. Interesting read about a history that is often overlooked here in the West. Pick this book and enjoy the Read!

An excellent read. A line in particular will stay with me for a long time: why do past generations pass the duty of rebelling against dictatorship to us? It is not fair , is it. (These are not exact quotes)

wonderfully written, poignant, incredibly sad and meaningful for all that is happening in the Middle East today. A proud son does all he can to keep his father's legacy alive and accomplishes this to the best of his human strength.

good read

This is a beautifully told tale. I felt like it opened my eyes to Libya during a very troubling time. I also loved the way the author wrote about the shadow his father cast.
