# Classical And Contemporary Sociological Theory: Text And Readings

## **Synopsis**

This unique hybrid of text and readings combines the major writings of sociology's core classical and contemporary theorists with an historical as well as theoretical framework for understanding them. This novel approach provides students the analytical guidance necessary to interpret the readings. No other theory text combines such "student-friendly" explanation and analysis with original theoretical works.

## **Book Information**

Paperback: 912 pages

Publisher: SAGE Publications, Inc; 1 edition (September 24, 2007)

Language: English

ISBN-10: 076192793X

ISBN-13: 978-0761927938

Product Dimensions: 9.9 x 8.4 x 1.3 inches

Shipping Weight: 3.2 pounds

Average Customer Review: 4.0 out of 5 stars 23 customer reviews

Best Sellers Rank: #107,520 in Books (See Top 100 in Books) #65 in Books > Politics & Social Sciences > Sociology > Social Theory #1066 in Books > Textbooks > Social Sciences > Sociology #8122 in Books > Politics & Social Sciences > Social Sciences

## **Customer Reviews**

"...the readers will be quite appealing to both students and instructors - much better than what is currently available." -- Julie Harms Cannon "I am very impressed by the coverage in this reader. I think the selections are excellent for both the classical and contemporary time periods." -- James P. Marshall "I am thrilled by the hybrid approach. I think the authors' approach is right on - they are right: we do need a reader which has solid primary source material but is embedded in historical and theoretical discussion and explication. I think the text/reader combination is highly attractive - especially for professors teaching at big public institutions I think this approach will be happily received and widely appreciated." -- Phil Zuckerman "The format of this text is exceptional, and on that the discipline sorely needs. The authors present thorough biographical and historical backgrounds relevant to each theorist and her/his theories. I believe this is essential to learning and understanding theory...the authors use examples that will aid students in shaping their ability to see theory in their lives." -- Chris Ponticelli

âœThe format of this text is exceptional, and on that the discipline sorely needs. Â The authors present thorough biographical and historical backgrounds relevant to each theorist and her/his theories. I believe this is essential to learning and understanding theoryâœthe authors use examples that will aid students in shaping their ability to see theory in their lives.â• (Chris Ponticelli 2008-02-01)âœI am thrilled by the hybrid approach. This was a book selected by my professor for a Sociology course during summer semester. I was excited to read this book but with summer courses being faster paced I found it a bit challenging to grasp some of the material. What material I did grasp was truly interesting. I would have to agree with another person's review that they didn't have many feminist theorists like they should have. Regardless it was a very interesting book and I would recommend it to anyone who is truly interested in the Sociology field.

It is a good book and I love the fact that I can rent this instead of spending hundreds if I had to buy it new. I learned a lot from this book and glad I was able to rent instead of buy!

excellent product

Great book. Chapter on Critical Theory (The Frankfurt Institute for Social Research) is a bit too abbreviated and seems a little too short and does not contain a full focus on the positive contributions The Frankfurt School has had on society.

Received, thank you

It's a hard read but also a good read. The theory isn't "dumbed down" and can be intimidating.

Theory is hard any way you read it ;)

Just another course book without straight answers...

Could be written better
