Not at all what I feel a sportsman would want to use. The smaller roads are marked with screened 6 point type. This makes it nearly impossible to read without a magnifying glass. I also discovered, one of my favorite Iowa trout fishing destinations, wasn't even listed on the map.

I found this book of maps to be great for finding public hunting land. The only set back that I can think of is that it can be sometimes difficult to tell some of the different roads. I wish they made one for Minnesota. I would buy one.
