# Easiest Mandolin Tunes For Children (Easiest-Children)

## Synopsis

This book is for all beginning and early intermediate mandolin players. No prior playing experience or note reading ability is required. The solos are written in both standard notation and tablature. While writing the arrangements, the author considered the small hands of children. Each tune is in the first position and there are no stretches that present inordinate technical difficulties. Every song in the book is included on the online audio download. The tunes are recorded at a moderate speed, and include count-off notes and rhythm guitar accompaniment.

## Customer Reviews

Larry McCabe was born in Kansas City, Missouri. He studied music with a number of teachers including Eldon Shamblin, legendary swing guitarist and arranger for Bob Wills. Deciding on freelance teaching as a music career, Larry received his degree in education from the University of Arizona in 1979. Since graduating from college, Larry has taught over 30,000 private music lessons. An experienced blues guitarist, he played in the Gulf Coast Blues Band, wrote a Living Blues magazine column called "Blues Box," and is currently on the nominating committee for the annual W. C Handy awards. Larry's vast experience in private teaching has given him a unique understanding of the educational needs of the typical music student. Beginning with Blues, Boogie and Rock Guitar in 1984, he has written a number of Mel Bay books on various subjects including guitar, bass, and song writing techniques. --This text refers to an out of print or unavailable edition of

this title.

I am an older person and I just couldn't learn to play the mandolin by conventional methods. I found this book "EASIEST MANDOLIN TUNES FOR CHILDREN" I thought I'd give it a try. Man, I was able to play the very first song. Along with the CD made it easy to hear how the song is played. With a repeating CD player, you can go over the song again and again till you are able to play along. Yes, I would recommend this book to anyone who wants to pick up the mandolin for the first time.

good practice pieces for a beginner like me. playing any song even an easy one makes learning more fun. if your new to the mandolin this is well worth the money
