This only has the base sets of the major brands. I sent it back and took the shipping hit because it was worthless to me. I could get the price on maybe 20% of my cards. If all you have is pre 1990's it would be ok but you can get the same information from the monthly guide.

Make sure you buy a magnifying glass to use to read this book with because the print is so small I cant read it without one! Its jammed packed with a lot of info in the book and its a nice book to refer to BUT I do recommend a magnifying glass to help you read it. 5 stars.

Seller was honest in description. Great value.

I have a large collection of sports cards. My grandson wondered about the value of the cards. I purchased this book in 2012 for him to use.

Great

I'm not much of a football card fan but having got lucky finding a stash of rare cards, this book came in handy!

Very helpful in pricing cards!

great book. best reference available.
