Customer Reviews

This book is awesome! It was perfect and loaded with good information. Its good and refreshing to see a list filled with activities besides the well known touristic spots and see that there's way more to

do in this amazing Polish city. This one for Krakow is no exception. It is definitely worth it!

Krakow is a beautiful city, and there are many places that you should visit. But some of them you must see. This book is an excellent guide for those who are going for the first time in Krakow. Here you will find excellent guidance and suggestions for everything you need to know, but also a lot of useful tips that will be of great help to you. This guide will help you that your visit to Krakow be a memorable!

Four pages of information stretched into fifty two pages.

Dream place to reach with.I wonder what this book about,at my first look on it because never heard Krakow.After reading this book,I know and learn many sight seeings,ancient history and their rich culture which is known as Krakow that is located in Poland.There is nothing wrong to dream,so hope someday,i can reach this place to experience the pleasure.Worth to read.

This supposed travel guide is unworthy of being classified as a guide and should be removed from 's offerings. The 50 page document is printed in 16 or 18 point font on pages measuring 4" x 7" which one would consider a format more appropriate for a second grade student. A quick count revealed approximately 100 words per page. The sightseeing section list 7 sights while a total of 13 restaurants are included. The is not a single map or diagram. The is no mention of hotels nor tips on transportation. However the author does devote 3 pages to souvenirs. One has to wonder if these are shops owed by relatives offering perks to be included. Having purchased dozens of travels guides during travels to more than 75 countries this document is the worst purchase ever made and is undeserving of even a single star. DO NOT BUY but rather gather more useful info from Internet.

A great travel guide very up to date and has all the best offers for tourists that want to explore this amazing city.

2017 is fast approaching and my list of goals are ready. They say, you have to be smart in goal-setting and I want to do this right. I want to travel the world! But before that, I need to choose the best place to start. I am trying to check great books that will guide me this year. This travel guide/book is short but just enough to give you the details you need. It's a great place to visit as per what I read.

My wife purchased this as a small gift as we are going to Krakow in January 18. She was excited to purchase it as we love the local experience when we travel, but was extremely disappointed to give this to me.. It's not good when someone gives you a gift and apologizes in advance. As another reviewer mentioned, it seems like a couple of pages of info (and not that good of info) and stretched it into a long(ish) book. I hate to say it, but, don't waste your money.
