Counter Canter (Show Jumping Dreams ~ Book 40)

Synopsis

As if one evil twin wasn't bad enough, now there are two of them, plotting their way to the top in a bid to squash Emily and her friends on the show jumping circuit. Jess is the back stabber while Amber is the one to dominate in the show ring. The stakes have been raised and now everyone is on guard, training their hearts out to stay on top. Emily has been invited to go and work with Patrick and his trainer. It's the opportunity of a lifetime, the trainer someone who once coached the Irish Olympic team. But that puts a strain on her relationship with Jordan and no matter how many times she tells him that it's about the horses and furthering her career and nothing else, he doesn't believe her and is going to take a lot of convincing to get over his heart break. But if Emily can really knuckle down and put in the work, there is a chance that she can beat Amber and Jess and not have them overshadow her at shows. And with Patrick dangling the offer of a new ride in front of her like a carrot, a horse imported from Ireland who can jump anything you point him at, the temptation is too great to say no. But will it ruin things between Emily and Jordan forever or does absence really make the heart grow fonder?

Customer Reviews

I have read everyone of her books and have enjoyed the young lady way of looking at and doing things. The continuation of the story makes it fun to read. I am no spring chick but I strongly remember the time when if a boy wanted to see me he better come to the barn.

Easy read . I enjoyed it.

good read

Love these books THANK YOU

Excellent!!!

I'm an 11 year old 6th grader and this series keep on getting better and better. I enjoyed the part where Patrick takes her out to eat and she wants to order a salad, but then Patrick stops her in her tracks and orders a burger for her and she's "so happy" but then in the end she's not because he played a trick on her to get her sick so that she would throw up. That part made me laugh. I still wonder if Jordan is mad at her for leaving. I cannot wait for #41 to come out! I love Claire Svendsen, she is my favorite author!

Jess' sister, Amber showed up in the last book. Jess was supposedly kidnapped (or worse), but Emily sees her at a show. Mr. Eastman looks like he is shocked by his daughter's sudden appearance. If you thought one evil twin was bad enough, there are now two of them. Amber is a better rider and the sisters are out to squash Emily and her friends...Patrick invites Emily to go with him and his trainer "who once trained the Irish Olympics team" and it is "the opportunity of a lifetime". Jordan is upset and Emily tries to tell him that this is to further her career and nothing else "but, can she convince him? Should she risk her career to make Jordan happy? Emily had sworn to never let boys get in the way of her dreams...Emily takes Bluebird and Arion to south Florida to work with Patrick and his trainer, Paddy. She will be there for two weeks. At her first show, she rode Clover and Wilbur with interesting results. The next day, she rides Bluebird, Arion and Clover. At the second show, something unexpected happens...Kindle Unlimited Member

I love horses and i am about a 6th grader. this book is great because Claire will make you wish u

were Emily with all the horses and opportunities to do the thing she loves. I have been struggling to keep calm through the pressure of teaching people OLDER than me to ride English and jump AND get the horse that I ride to not spook at everything including a jacket helmet or anything that he sees as a horse eater which is basically everything. To add to all that people keep saying that my Tommy, another horse I ride, is too unadvanced for me just because he is kind of lazy. He loves to jump REALLY HIGH! He is the only horse that is willingly taking me over a 2 foot tall really wide oxer. ANYWAY these books have given me the confidence to keep trying and have hope. Yeah okay now I sound like an add for breakfast cereal. MUST READ WILL LOVE IF U LOVE HORSES AND JUST A LITTLE BOY DRAMA. LOVE IT. In case I haven't told you this is a must read. I love it. Okay I've already said all that, blah blah. Sorry BYE!! Read if you want to actually live! BYE;p
