Customer Reviews

This is an excellent general use map for road travel, but it is NOT useful for train, bicycle, or foot travel. Lifestyle?

This map is like other Michelin maps I have used. Accurate, relatively easy to fold and covers just the right region I needed. As it turned out, the rental car I reserved was upgraded to a car with a built in GPS so I hardly used the map. I would recommend the Michelin maps for European destinations.

The maps were fine, but not in enough detail for the small area of Belgium we were visiting. Also, due to the size inconvenient to unfold and re-fold.

Great

The city maps were too small to be seen and proved to be useless.

Michelin maps are MAPS!

Everything was exactly where the map said it was. (Sarcasm.) Why do they want me to review a map?

Smaller scale would be better for a travel map.
