This is a good book that gives basic music so my daughter can play her favorite Bob Marley songs. It was well priced, shipped fast and we have gotten our money's worth out of it.

if you love bob marley's music then this is the guitar book for you. i bought this for my 16 year old son to learn from. it's a little too much from him now but he's eager to learn.

I love all things Bob Marley. This is a great little book to have around when Bob's music inspires you to pick up your instrument for a little Jam Along.

Delivered on time, good condition, serves it's purpose, no complaints.

I like Bob Marley and his songs. He's a good singer. Therefor I give five stars.

The book contains 45 songs by Bob Marley arranged in "fake book" style. For each song you get the chords, the melody line, and the lyrics. The music is very accurate and matches key with the original recordings. This is a great tool for any musician who wants to add reggae to his set list. This book also contains an instructional section on reggae guitar playing which is very informative.

will purchase again. good. for a host , It's an awesome product! Tried it immediately after I received it. The package is so pretty as well! the best seller.

The Best of Bob Marley Book is fantastic. It has all the great hits such as: Buffalo Soldier, Stir It Up, Get Up Stand Up, I Shot the Sheriff, Trench Town Rock, Lively Up Yourself and No Woman No Cry to name just a few. To any Marley fan, this is like the Holy Bible. Best of Bob Marley is for Easy Guitar, which means that all the chords and melody are given. If you are looking for a book with note-for-note transcription then I would suggest a different book for you. I would compare this book more to a Fake Book for jazz standards than the complete version. For a Bob Marley fan who just wants the basics and already can improve off of the chord changes, this is a great book.
