If I were just to write "Stinkin' adorable" I think it would sum up this review. But, since the point of a review is to inform the next buyer, here are my points: It's well made. The materials used to make this a "board" book are superb, much better than many of the other board books we own. It's

visually appealing and imaginative on every page. If you feel stumped about how to teach your child the world of independent dressing, this little gem would be helpful. Anyhow, definitely no regrets buying this one!

Hard covered book that is easy for a toddler to turn pages. The photos are clear and precise and my little one loves this.

Cute book. The first one came damaged and promptly sent another.

Gave this to a grandchild beginning to dress herself

My Grandkid loved this!

Love

Perfect book if your little one is just learning to dress her/himself :)

This was a gift which was given along with a doll to dress. It was for a two year old, but the older sibling liked it, too.
