Clinical Practice Of The Dental Hygienist

Synopsis

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product.

Considered the cornerstone text in almost every dental hygiene education program in the country, *Clinical Practice of the Dental Hygienist*, 12e helps students develop the knowledge and skills they need for successful, evidence-based practice in today's rapidly changing oral health care environment. Written by one of the preeminent voices in dental hygiene education, the book progresses through crucial topics in dental hygiene in a straightforward, outline format, making information easy to locate, understand, and reference. To help readers prepare for effective, culturally sensitive practice, six sections of the 12th Edition conform to the Dental Hygiene Process of Care: Assessment, Diagnosis, Care Planning, Implementation, Education, and, new to this edition, Documentation. Updated and revised throughout, this edition includes new material on motivational interviewing, risk assessment, and alternate practice settings, and is enhanced by new clinically relevant color photos, and real-world examples.

Enhance Your Understanding boxes identify all print and digital resources available by chapter, including the hands-on Workbook, online learning tools on thePoint, and prepU adaptive quizzing.

Documentation as a part of the Dental Hygiene Process of Care, this brings the clinical care of a patient full circle.

New coverage of motivational interviewing shows students how to use this proven communication method to elicit and strengthen the patient's intrinsic motivation to work toward positive change in oral health.

Updated content on Risk Assessment for Oral Disease added to Chapters 12, 19, and 27 prepares readers for this key aspect of effective practice.

New clinically relevant color photos and real world examples help readers connect what they're learning to practice.

New information on alternative practice settings prepares readers for successful practice.

Halmark Features:

- A detailed outline format makes information easier to locate and is ideal for students preparing for Licensure Board examinations.
- Step-by-step instructions cover all aspects of dental hygiene from radiologic diagnosis and technique to treating patients with special needs and medical/dental areas of concern, such as infectious diseases, allergic reactions, blood disorders, and medications.
- Everyday Ethics boxes give students an opportunity to explore the types of clinical problems they are likely to encounter in real-life practice.
- Factors to Teach the Patient boxes cover topics of interest when teaching patients, family members, and the community self-care and responsibility for oral health.
- In-depth coverage of Documentation includes example documentation notes written in the SOAP notes format, demonstrating the importance of including

such notes in each patient's permanent record. Chapter-opening Outlines provide an at-a-glance overview and help readers locate specific topics quickly. Chapter-opening Learning Objectives provide a road map to important information that must be mastered. Key Words boxes identify spelling and define new vocabulary terms in context. Each key word is listed in the index to facilitate quick reference to all definitions. Student Resources: Quiz Bank, Audio Glossary Instructor Resources: Test Bank, Lesson Plans, PowerPoint Presentations, Image Bank, Answers to the exercises found in the Active Learning Workbook, LMS Cartridges

Customer Reviews

The text is quite small and there's not really a break between subjects in the same chapter. It repeats a lot of the same things throughout the book, but that is also a good thing too. Wish it was more detailed in pathology area.

This book has so much great information in it. If you are in school purchase this book, don't rent it because you will use it every semester. There's a reason they call it the hygienist's bible.

Jus wanted to know how I return this book

Classic Dental Hygiene Textbook

Exactly what I needed

Great book. Dental Hygienist Bible.

Just as expected

Serves its purpose
