First Counsel: Booktrack Edition

Synopsis

First Counsel: Booktrack Edition adds an immersive musical soundtrack to your audiobook listening experience! White House lawyer Michael Garrick has a relatively anonymous position at a very public address. That is until he starts dating Nora Harston (Secret Service code name: Shadow), the sexy and dangerously irresistible daughter of the president. But the confident young attorney thinks he can handle the pressure. Until, out on a date, Nora and Michael see something they shouldn't. To protect her, he admits to something he shouldn't. And when a body is discovered and Michael is the suspected killer, he finds himself on the run. Now, in a world where power is an aphrodisiac and close friends carry guns and are under strict orders to risk their lives, Michael must find a way to prove his innocence. Booktrack is an immersive format that pairs traditional audiobook narration and complementary music. The tempo and rhythm of the score are in perfect harmony with the action and characters throughout the audiobook. Gently playing in the background, the music never overpowers or distracts from the narration so that listeners can enjoy every minute. When you purchase this Booktrack edition, you receive the exact narration as the traditional audiobook available, with the addition of music throughout.

Book Information

Audible Audio Edition

Listening Length: 14 hours and 52 minutes

Program Type: Audiobook

Version: Unabridged

#85 in Books > Audible Audiobooks > Mysteries & Thrillers > Espionage #276 in Books >
Mystery, Thriller & Suspense > Thrillers & Suspense > Legal

Customer Reviews

I enjoy Brad Metzler's earnest wit, his entertaining characters and suspenseful plots-unfortunately I knew by the title how this one would end. Hope I'm not spoiling it by this clue. The characters were fantastic but I thought he could have grown one of the main characters instead of going in a different direction. He seems to kill off any troubled character instead of believing in hope for their future.

This disturbs me but I absolutely love his cheeky characters and great sense of humour so I will keep reading I hope he checks out my review though because this is my second favorite character that met with tragedy. The other was in the tenth justice.

Mike Nardino recommended this book years ago. I didn't read it because "too many pages. I was wrong; he was right

This book was good but it had a different feel from other Brad Meltzer books I have read.

I have read Brad Meltzer's latest three books and have enjoyed them immensely, but this one was lacking. The dialogue along with the character development left much to be desired. The character of Nora seemed so unlikely to be attracted to our sad little hero. And likewise why would he even consider hooking up with such a childish girl? I will try one more of this author's older books...if I end up disappointed again, I'll just give up and wait for something more current.

Brad Meltzer very good writer. Like all his books.

Too many chase scenes, not realistic.

Michael Garrick is a young White House attorney who begins dating the president's daughter and gets entrapped in a scandal that escalates to the point that he may risk everything—even his life—to find the truth and clear his name. Garrick, however, is a weak and almost unlikable character who is pushed around by everyone. Almost all of the characters are suspects, which wouldn't be so bad except that the story keeps circling back to the same suspects without moving forward enough between rounds. I liked it enough to finish, but not enough to be glad I read it.

guess I was looking for a David Baldacci quality novel and this one did nothing but disappoint me....did not read most of it. I guess you have to be a Meltzer fan to like this....I am not
