Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful non-fiction early learning books. Roger lives in London with his wife and four children, who have been the inspiration behind many of his best publishing ideas.

This is the newest book and I like it the best. The book is bigger and more colorful. It is great to read to a child because the huge pictures hold their interest. Very nice book. Would purchase it again.

This would be nice to give as a present as well. Were some of the pages/pictures used again in this book from the previous animal book that I purchased last time?

My grandson loves these series of books..he is 6 years old and can read them I love them because

they are so wonderfully illustrated and the facts are wonderful as well. I plan to buy more of these books.

Beautiful pictures with very informative pages!

I ordered five of these smartbooks and have recommended them to others countless times. They are terrific in every way-----well presented information, great color illustrations, highly informative for adults as well as children (their greatest audience). My grandchildren never grow tired of them.

7 and 9 year olds love it

Fantastic book, I purchased for my preschooler, who loves looking at the pictures, but even my 8 and 11 year old enjoy this book.

My 4 year old grandson loves this book!

My son loves this book. Wonderful pictures and interesting facts.
