Terri McGraw likes to say that she married Mr. Break-It -- so she originated her alter ego, Mrs. Fixit, out of sheer necessity. Her nationally syndicated home repair segments are distributed by CNN and broadcast in more than sixty-five markets in the United States and Canada. She lives with her family in Syracuse, New York. Maybe it is the quality of the text in place at my school that makes this one seem so superior. If so, that is enough to recommend the Glencoe piece to a struggling Middle School educator. From the narrative, to the graphics, this is a superior tool for a rigorous, dedicated teaching practice.

Happy with the product and delivery was super fast

Needed an at-home copy of this textbook so it doesn't need to be carried home every night - it weighs a ton!The American Journey California Student Edition (Glencoe California)

I have learned not to expect much when I buy online. The book arrived sooner than the website said

it would and the quality was excellent! The text is almost in pristine shape so much so that my 13 year old daughter thought I have bought it new!!

Perfect copy and fast delivery, thank you!
