My 13 year old daughter, an avid reader, loved this book and the entire series.

The 5th trumpet judgment, the demonic locusts are very interesting. Though the previous book is the one where it starts, this is the one where it really takes place. The demonic locusts are around almost the entire time which often makes things quite interesting and exciting. The authors are very creative at utilizing this, and other plagues, and making interesting stories.

Im am reading this series for the second time and I love them! The first time through though I compared the bible verses to what said in the book to make sure the authors weren't just making stuff up. These books are very incitefull as to what is coming when Jesus raptures his church. Very scary stuff. This series is a must read for everyone Christian and nonchristian alike.

Love this series. It is just as good as the adult series.

Great book and series! Must read it in order.

In this book the kids are getting older and more in charge. Vickie is going out to speak to groups of teens in spite of the plague of demons.

pleased with purchase

I've read the Left Behind series twice now. Decided the read the kids version. It is interesting how

the kids version weaves in with the adult version. Getting ready to read book 8 of the Young Trib Force.
