Violas In Concert: Classical Collection, Volume 1

Synopsis

Formerly titled Ensembles for Viola Volume 3, Violas in Concert is a collection of viola ensembles arranged and composed by Elizabeth Stuen-Walker. The classical collection includes pieces by Bach, Beethoven, Corelli, Dvorák, Seitz, Shostokovich, and others. The uniqueness of this collection is that the melodic material is shared among the different parts equally, making them more enjoyable to play and perform.

Customer Reviews

I haven't had a chance to read through the arrangements yet, but the way it is bound is terrible. All the music is bound together, and the parts are printed front to back with one another. In order to play this I will have to photocopy parts. There is a score for each arrangement, as well as individual parts, but they are all bound as one book which makes it unusable. I bought all three volumes, and the first and second volumes are like this but the third volume seems to have parts you can remove and play from.
