The perfect coloring book for the fashionista! I'm so bad at drawing but I can color! So this coloring book is perfect for me. Every page is filled with such chic illustrations - it's even great if you want to just outline to drawings to kind of learn how to sketch! I'm 30 and I totally enjoy this coloring book- I bought two so I could also give one to my niece. It's the perfect gift for a child or adult! If you have a daughter or niece, think of this as the perfect "mommy and me" activity! Highly recommend this stylish activity.

This coloring book embodies elegance and style. Elena's fashion illustrations are classically modern and the perfect canvas for expressing your creativity. I adore style illustrations and painting, but am lacking in the drawing department. Enter this fun, vibrant book that is a perfect weekend afternoon activity out on the porch with my water color set and brushes. Can't wait for more to come out!

I SOOO wish I had this type of coloring book as a young girl!! But at least I have one as an adult ;) Elena does an incredible job creating new + inspiring images to color on each page (my favorite is the 2nd drawing in the book). My 4-year old son and I color together and take turns choosing the colors for the various garments and eye/hair color. HIGHLY recommend as a gift for a girlfriend or that mini-budding fashionista!

Oh my goodness, this coloring book is absolutely adorable. Don't trust anyone who says coloring is only for kids. :) Coloring is such a great stress reliever and this is such a cute one and great as a gift too.

Love this coloring book. Love that it's different from a lot of the adult coloring books out there. Love that it's one sided and allows me to color with pencils and markers. I would definitely recommend this coloring books to anyone who colors to relieve stress or just for fun.

Gorgeous compilation of illustrations! Color pencils and markers work great as the pages are single sided. Incredibly fast shipping Ã¢Â“ canÃ¢Â™t wait to gift this to all my fashionista girlfriends and for the authors next coloring book.

Love this coloring book. Fun, practical and pretty! Perfect to entertain myself on flights.

I purchased this book for my wife and she really loved it!
