Seka is a legendary performer in the annals of adult cinema, and many would say the greatest. Sekaâ™s name was so big in XXX that her name above the title was not enoughâ”her name had to be in the title!Sekaâ™s real life story, though, is as enigmatic as her screen persona. She was never a victimâ”on-screen or off. This is no tale of remorse, abuse, or self-destructive behavior. Seka was post-feminist before the term was born. Inside Seka is the story of a survivor, a trailblazer, and an iconâ”still one of the most popular and famous porn stars ever; the last of the natural beauties.âœBefore the Jennas, the Bree Olsons, or the Savannas, the undisputed blonde bombshell of XXX movies was Seka, which makes her story so important in the history of adult entertainment.â•â “ Ron Jeremy, porn legend, holder of the Guinness Book of World Records for âœMost Appearances in Adult Filmsâ•âœFrom calling the shots in a film genre in the days when it was completely controlled by men, to standing and being heard at the infamous Meese Commission, Seka shatters the myth of the poor little victim who lost her way. Donâ™t expect excuses and apologies. This is one blonde bombshell who lives by her own rules.â•â “ Candida Royale, author, entrepreneur, and erotic film pioneerâœShe was one of the hottest girls in the XXX business, able to seduce any man she wanted. So it should come as no surprise that her story is riveting.â•â “ Larry Flynt, Hustler magazineKerry Zukus is the author, co-author, or ghostwriter of over 40 books, including From Harvard to Hell and Back, the upcoming Inside the Hotel Rwanda, and Book of the Month Club Feature Selection The Fourth House.

What a wonderful book, that told the real story. I was 18 years old in 1979 when I first saw Seka, and I was hooked as they say. This fine book was written with not only with class and style, but it was genuine, and true. It was simply a pleasure to read learning not only of Seka's adult film career, but her early life, and her growing up, which was nicely outlined. It really built a great foundation for the book. It was a read that allowed me to really get to know not only the star, but the real person that she is. While I read this book, it felt almost as if she were there hanging out with me as we walked through her life story. It's a great read, and I highly recommend it. Seka, I say thank you !

As a young man who grew up like many to envision this woman as a Goddess, I had to read about her life. At a young age she imprinted upon me to the point where all women were some form of Seka. It was a pleasure to discover she is just human. Her tale is that of so many of us. A life lived, choices made, and living with our decisions. I enjoyed her exploits. gaining an understanding of what she did and why showed the growth of a girl full of vulnerability and self doubt to a woman of strength and confidence. It is a shame that she did not find love in her life earlier, and that those who professed to love and care for her ultimately used her. Although she takes the blame for not being on top of the situation financially, it is a shame that she could not trust or love those closest to her. It was also nice that she dispelled the myths and rumors about herself and the industry. That brought closure. I also find it sad that she never got to experience a child, but perhaps that was by choice, and maybe for the better. Great story.

Jaw-dropping, so to speak.

Wow! What a life. Dottie went to high school not far from where I live and truth be told I am more than a little surprised I didn't run into her when she was working the cash register at the adult book store outside of Petersburg. I was certainly in there often enough! Dottie's story is one of overcoming adversity, meeting challenges head on and eventually coming out the other side stronger, wiser and more real than most people ever develop into. Like Churchill said, "When you are going thru hell, just keep going!" That's what Dottie did and in the process became an inspiration to all who know her. Well done lady!

A bit rambling, but still a good read. She has had an interesting life

I started to read this and thought it was conveniently washing over some nasty things but it dealt with them directly. Seka was one of the world's most beautiful women to me and her life story was fascinating. She had an extraordinary difficult childhood from very poor roots she shows herself to be a person of real class and a survivor. I think she has found some peace in life and I am very glad. I came away deeply respecting her as a person which I did not expect. She is very different from what I imagined her to be. I highly recommend this book.

When I was a teenager, my then-boyfriend put a tape in the VCR...a porn tape, my first...and there was Seka. All these years later, I jumped at the chance to read her book, and it was GREAT!! I couldn't put this book down, and read it in 2 days. I found Seka to be genuine and amazingly down-to-earth, and her story riveting. Even if you aren't a porn fan, she seems like such an amazing lady, no wonder her costars all rave about her and rate her among their favorites. Seka's honesty, humble storytelling, and confessions about her life along with juicy tidbits and gossip about her career are really entertaining. You won't be sorry!

Growing up in the 70s and 80s Seka was the one of the most beautiful women I had ever seen. She gave so much of herself and I have always had a soft spot for her. I wanted to read this book as soon as I knew it was available and I found it very interesting. If you want to get an insight into Seka the person read this book. She is a legend, for all the joy she has given people over the years, I hope the rest of her time is just the best for her.
