33 Day Trips From London

Synopsis

33 Day Trips from London is the perfect companion to any London Travel Guide. London is an incredible capital with plenty to keep you busy - but it would be a real shame to not fully embrace what the rest of England has on offer. England has a diverse and unique selection of places to see, the hard part is deciding which ones not to see! England is a compact country with excellent transport links. This makes it very feasible to see a lot more of the country than just the capital. 33 Day Trips from London has been researched and written with local insider knowledge, ensuring you make the most out of your time in England. The guide includes all the latest travel information, admission prices, opening hours and links to further information. What's Inside the Travel Guide Passes and Discounts - ensure you are making the most of any money saving opportunities. Getting Around - car, train, coach or organised tour? Choose the best options to suit you. Beautiful photos to inspire you when you are planning your days in London. 33 Day Trips from London offers something for every interest including; The fun of the seaside with a train ride to Brighton. Indulge your literacy side and visit Shakespeare's country Immerse yourself in Hogwarts with a studio visit to the Harry Potter experience. Visit the historic university cities of Cambridge and Oxford, steeped in rich history and tradition. Take in the iconic Stonehenge, then continue on to Bath, a UNESCO World Heritage Site with Roman Baths and natural thermal waters. Look for Winnie the Pooh and friends in Hundred Acre Wood. Castles, Cathedrals, Royal Homes and much more. Day Trips from London will help you plan out where to visit during your stay in London, with all the facts and inspiration you could need. The biggest problem - how will you choose? You might just have to extend your trip!

Customer Reviews

The book deals with the day trip possibilities in the briefest of descriptions. One might hope for more "pearls", insider hints about the highlights, limits, access and the like. Whereas there may be several different London train stations from which some of the sites may be accessed. the book tends not to explore these options which would certainly present advantages to those who do not know train travel options in the UK. It might be useful to understand which train trips would be facilitated with the use of various passes, local (Oyster) and international (Britrail). Also, a little more detail about the distance from the remote station to the major sites to be visited might be useful. When one provides 33 day trips, why not explore which of these could easily be visited from the same train line in one day if willing to abbreviate their visits? Admittedly, the poor quality of the print has affected my assessment. The binding is far too close to the margin of print, the font is too small and the paper is sub optimal.

Don't let the bargain basement price fool you into thinking this is not worth buying. It is excellent! My other guidebooks (Frommers, etc.) have 3 or 4 daytrips. This has, as you can tell from the title, 33. There are a few that are geared for families who live in London, and would not be top choices for tourists with a limited amount of time to spend in the area. Most trips are great for Londonders and tourists. The author tells you everything you need to know: how to get, there including the best method; all the sights, including prices and special offers; her opinions on which are the must-sees; which sights at each location are best for children; ideas on places to eat, and probably stuff I forgot.

This easy to read book had great suggestions for where to visit. I didn't read it play-by-play like a Rick Steves guide, but I think that's ok. Reading it at home months before as I planned out my trip was very helpful. The format was wonderful by the way and somewhat new. It's not as touristy!

Wow! This is the perfect guide book for a U.S. "trailing spouse" trying to figure out how to make the most of her time in London, and I'm happy to have found such a spot-on resource. The author obviously knows her way around London day trips, and her thoughtful curation allows one to pick and choose based upon free time and interests. Thank you so much, and I'll keep a look out for other books you may release!

I have read many guides for London and this is one of the best. It has great information that I have not seen in other travel books. Excellent travel guide!

This is brilliant! This book mentioned so many things that I wouldn't have thought about seeing or visiting- just what I love! Off the beaten path! I can't wait to go back to London and actually see more things and travel outside the city!

great

For someone who is new to London and wants to explore outside the city, this is a great book packed with practical information and tips.
