I got Tom Anderson's other book just for the basics of the spiralizer - what and how to use it.This
book was more for the recipes, as you know, when we get new toys all we want to do is play with

them. So this book gives you a nice outlet to do so. Easy, simple, and cheap recipes. Oh yeah, healthy!

I am always looking for a healthier way to cook. That is why i have my spiralizer. This book gives you an understanding of the different devices on the market today and how to use each. I have been spiralizing for four years now and this book has taught me a few techniques i didnt know about. It will also explain how to replace pasta and rice in your meals so that you can eat healthier. The recipes sound interesting too. I have my eye on a few that i want to try first. Get the book. You cant go wrong.

It has some good recipes. My family loves them.

This is a great collection of flavorful recipes whether you are trying to loose weight or not! I would recommend this book if you are new to spiralizing or if you just need new ideas for perking up your repertoire of dinner options. Besides the recipes, this book has a nice introduction to spiralizing for those just starting out or thinking of purchasing a spiralizer.

The book begins with an extensive primer on spiralizing vegetables. Very useful for a beginner or someone trying a new vegetable or product. He then presents a number of tantalizing recipes with nutritional information. As a confirmed spiralizer, I found the recipes intriguing, particularly for soup. I am sure I will use this book extensively.

This book is a must for everyone! Spiralizing vegetables can result in many good healthy meals and ultimately lead to better health. Preparing meals with a spiralizer has contributed to my weight loss of over 40 pounds. I love pasta meals but this book has many terrific recipes that have great

nutrition without compromising taste.

I am new to spiralizing but boy is that little tool going to get a work out! This book gives you the basics on spiralizing and oh my those recipes! They made me so hungry! They sound delicious! I was given a free kindle copy for an honest review and I have to say I am looking forward to more from this author.
