I love this book! It has made me a learned student and I like reading.

nice text. The first chapter is just hard to follow, but the rest of the book is good. Price was a little high though.

An excellent text reviewing Baldrige winners' approach to management and success. It is inspiring in it's discussion of transformational culture and servant leadership. It is a great overview of the breadth and depth of healthcare organizations as well. I recommend it for new health care leader, or even seasoned leadership/COO/CEO, as this goes over how the very best are doing it- today...

Easy to read and understand

Extremely informative. Great book.

great book, brand new condition

i love the fresh book smell!came in great, secure packaging without any dents or anything.

Book is supposed to come with online access and there was only a wrapped book...it never mentioned it would not be included
