My grandson is 8 yrs old; this is an excellent puzzle book for him. He loves it-- and though he likes school and likes to be read to, he prefers to not pick up a pencil :) Ahhh.... but this puzzle book is

irresistible; he carries it around the house w/ him and works on it from time-to-time during the day.

This is a great puzzle book for 11 and 12 year old young people who like a challenge.

my son loves this book; i highly recommend for 7-9 year olds. this is a great vacation book; lazy afternoons can be spent doing puzzles.

This is way to easy for the age group recommended.

I purchased this product as a stress release to complete before bed, but I have found that I take it places to enjoy. As this is designed for children, I have children participate in completing the puzzles...keeps them occupied. I would certainly purchase this again, both because of the product and the seller. It arrived quickly, and in perfect condition.

Another nice collection of puzzles and word games that is aimed at children from, I'd say, six to nine or ten.

I bought this for my 9 year old who loves it. I gave it to him last night and he did 4 puzzles. He grabbed it again this morning. This best part is that it wasn't too challenging. He only has asked me 2 questions so far, so it's not too advanced.

Grand daughter loves it
